Photography: Adam Hoskins

Hey Lusy, it's great to see you back in the magazine! Ok let's jump to it, do you think you are more recognised for your luscious lips? I might be now as I've started wearing lipstick more and trying to draw attention to them haha.

So how does it feel to be in the Elite Lips special? It feels awesome to know your lips are special ha.

Do you agree you have a sexy pout? I would now as I've noticed they look kinda cool after my latest shoot.

What do you think is your best feature, apart from your lips? I would have to say my eyes.

Do you think having nice lips means you are a better kisser? Not necessarily but they're nice to look at if you're a crap kisser haha.

Do you think lipstick is essential? Not essential but it really does make lips look luscious and gives you a nice pout without looking like a fish.

Do you find lip biting sexy? Yeah on the right person otherwise you look like a serial killer.

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Yes cos' that's where all my food ends up, but if your going for a curvy look than keep stuffing your face haha.

Whose lips are you jealous of? Rosie Huntington-Whiteley give me your lips!

Who would you most like to kiss in the world, right now? I'd have a go on Tom Hardy :P

Who is the LAST person you would like to kiss? Harry Potter.

Ew gross haha! Do plenty boys ask you for smooch when you are on a night out? I've never been asked for a smooch I'm only ever asked 'how many tattoos do you have'... how about fuck off!

What's the cheesiest chat up line you have heard? 'Do you mind if I stare at you up close instead of from across the room'... what a rapist! No go away! Haha.

What can a guy/girl do to get you attention and impress you? Chatting about something I'm interested in or a nice suprise.

What's next for you? World domination! Mwahaha.

UPRAWR'S 3RD BIRTHDAY

TICKETS AVAILABLE FROM

WWW.TOTALUPRAWR.COM

The past 3 years have been a rollercoaster, and seen us grow from a fortnightly one room club night, to sell out clubs across the country!

We've partied in Ibiza, Leeds, Newcastle, London, Southampton, and of course Birmingham. We've seen and done some ridiculous things during our three years. For our 'Palm Spring' Party built a 12ft indoor waterfall for you. The Boats'n'Ho's party saw us fashion our stage into a yacht in a perfect t-pain- titanic combo, with real sharks in paddling pools which resulted in the death of 3 men*. SHIT-for the Zombies Vs Chavs party- we even cut a car in half, because we can! *some fact may be exaggerated for dramatic effect.

We got fucked up with All Time Low, partied with You Me At Six, got Deaf Havana shitfaced, and members of the Blitz Kids ended up getting head onstage** facts have NOT been exaggerated for dramatic effect.

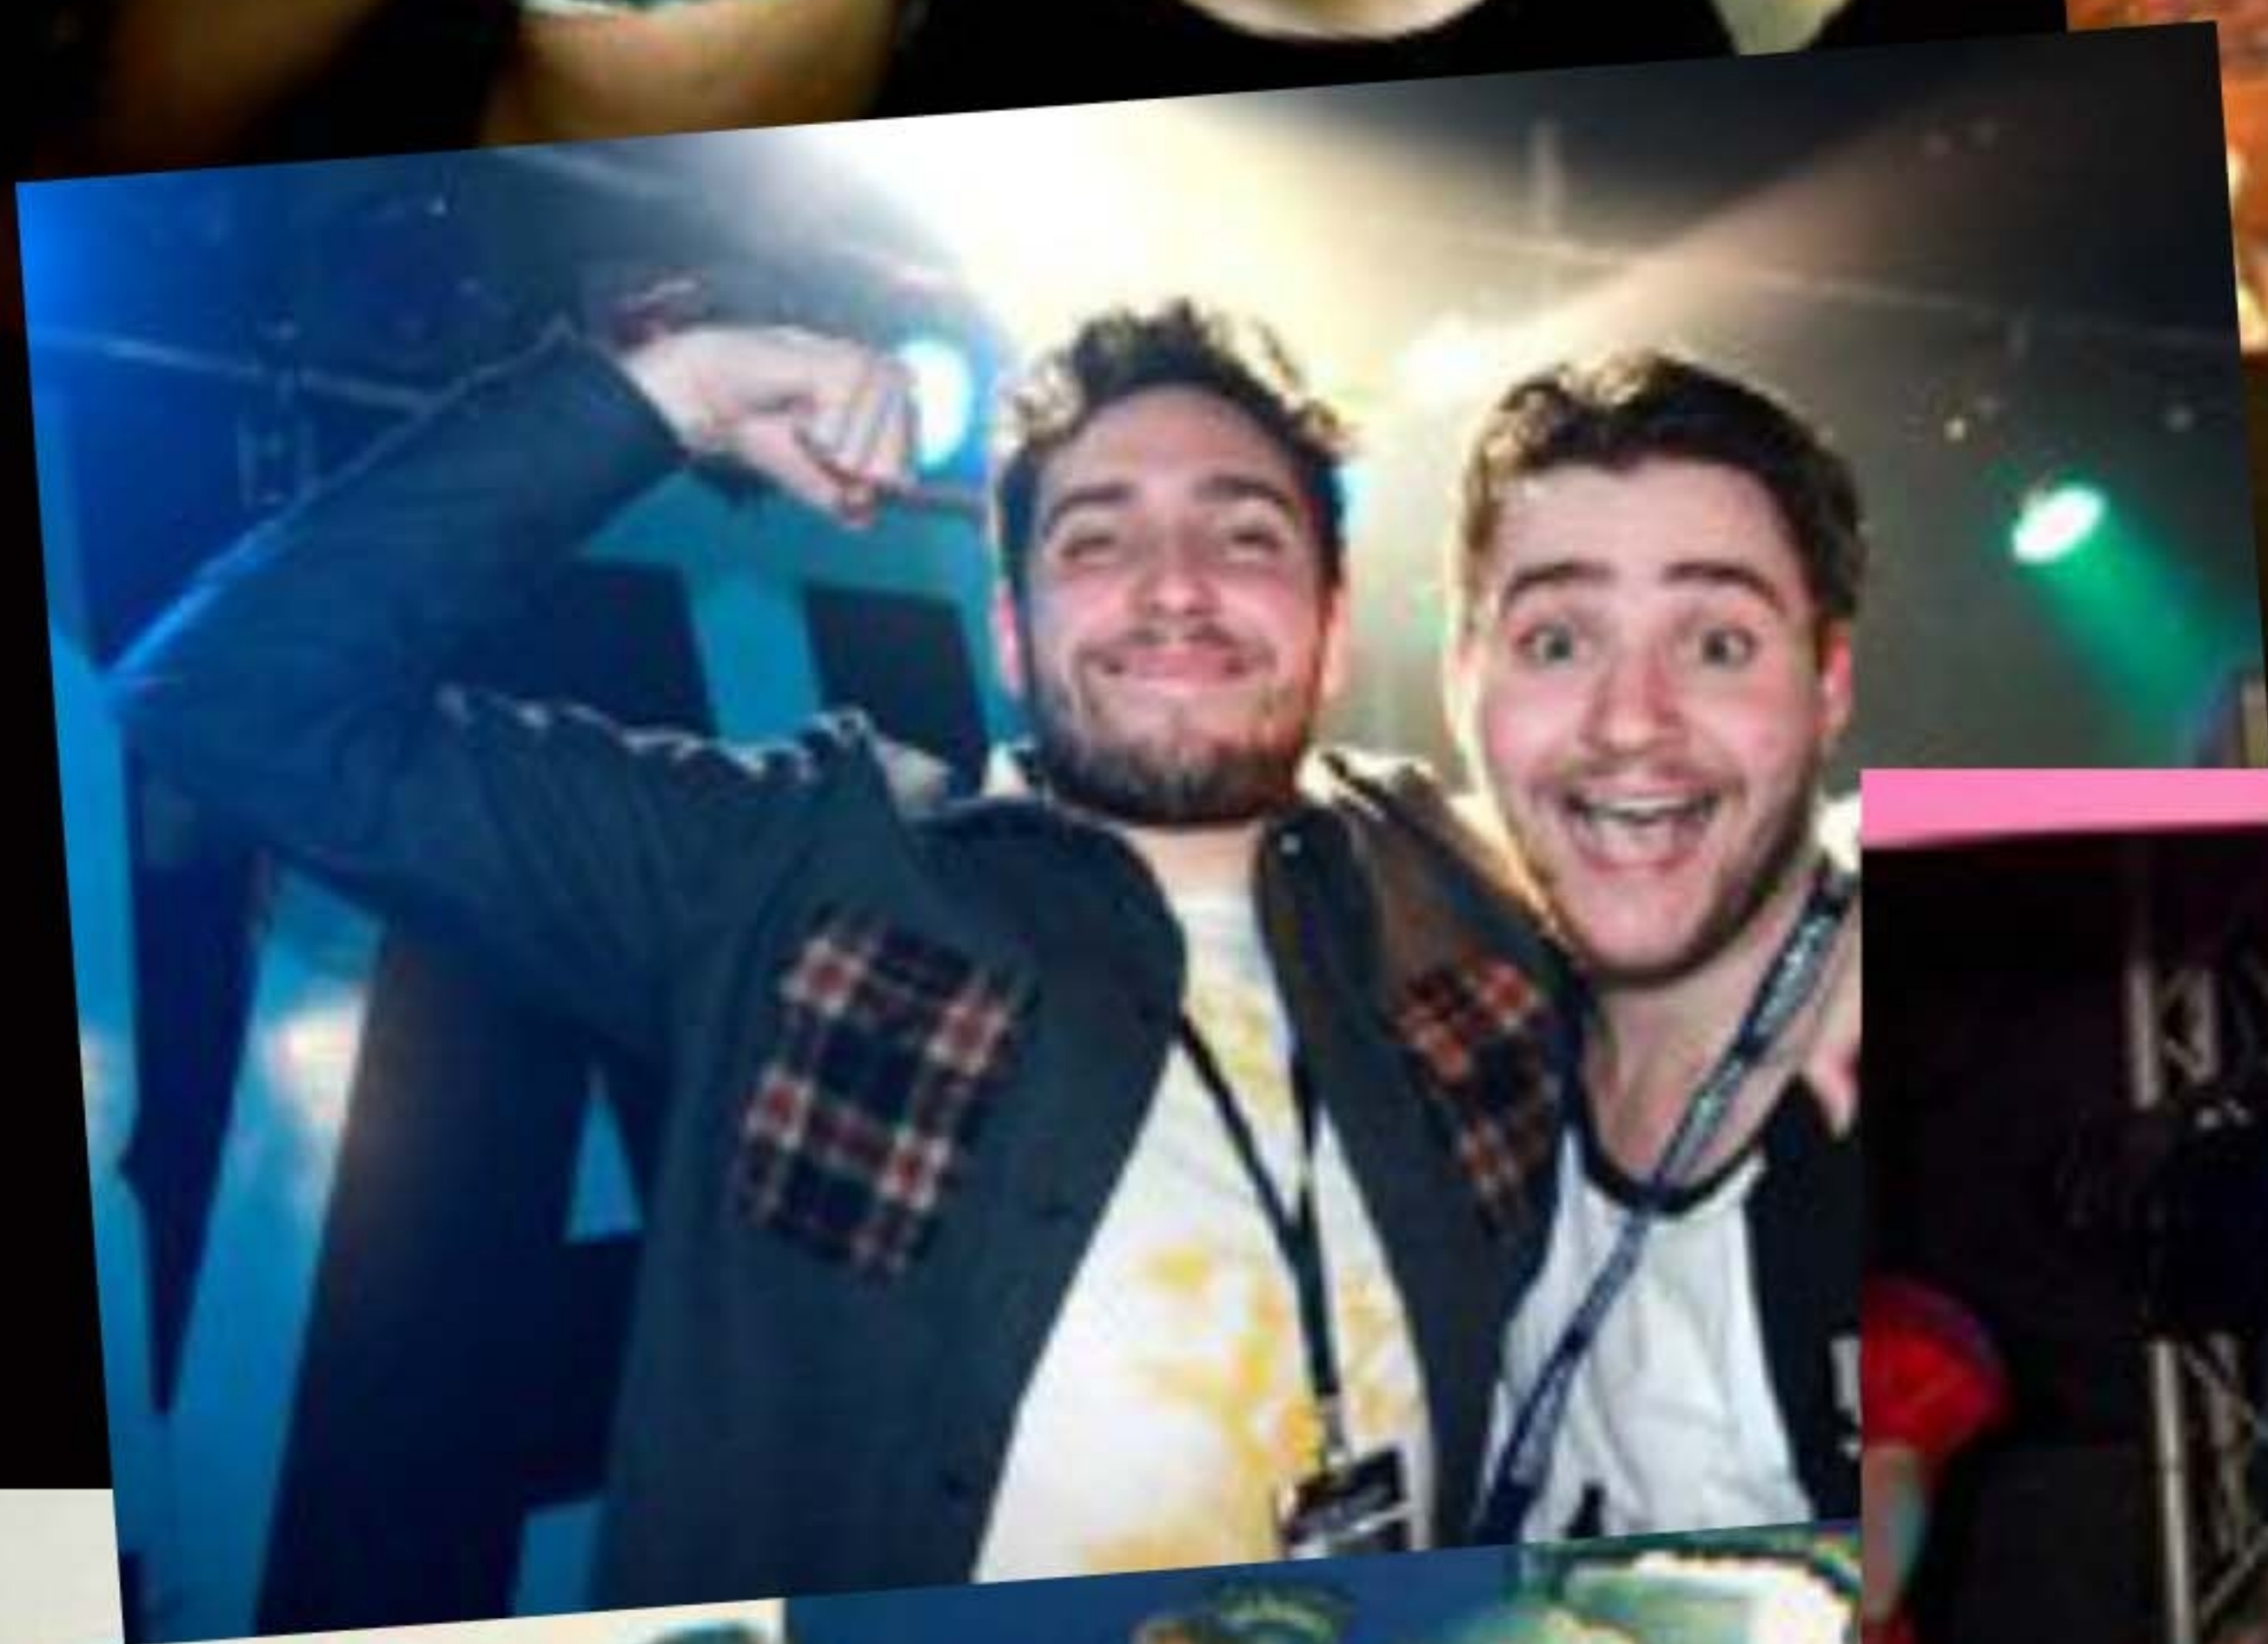

It's not just about the party, (though let's not shit ourselves, its mainly is about the party), we also work with charities, such as Teen Cancer Trust and the British Heart Foundation, consistently raising money each week! We have hearts afterall!

We're celebrating our 3rd birthday with an all-nighter, and two party buses; we didn't want our friends in London and Newcastle to miss out! Can't wait to do some more insane nights next year, totally stoked for our Christmas Bitch! Party (think Mrs Claus's summer bikinis) this August! Here's to another year!

HÉLÈNE ATSÜKO

THE ROLLER DERBY QUEEN

Photographer: Julian Kilsby

Interviewer: Neale McGeever

MUA: Samantha Gardner

Hey! Do you think you are more recognised for your luscious lips? They are a pretty prominent feature within my look. I get a lot of complimentary comments from clients, in particular make up artists, so I guess I am!

So how does it feel to be in the Elite Lips special? I'm really flattered! If you had told me that my lips would be the discussion of a magazine article when I was a teenager I would not have believed you! I got bullied terribly when I was younger because my teeth stuck out and I had such big lips. I guess I grew into them!

What was it like to work with the photographer? Myself and Julian have worked together on quite a few occasions now, we have a great working relationship so it's always very chilled out and relaxed.

Do you agree you have a sexy pout? I think it's pretty dorky. Dorky; Sexy... they are pretty similar right?

What do you think is your best feature, apart from your lips? I like my multi-coloured eye! It is half brown and half blue. I sometimes wind people up by saying I am the secret love child of David Bowie.

Do you think having nice lips means you are a better kisser? Ask my boyfriend!

Describe what the perfect kiss is like? Relaxed, gentle and with some playful tongues!

Do you think lipstick is essential? No. But I do think lip balm is! Got to keep them moisturised!

Do you find lip biting sexy? Yes, definitely.

MUA: Naomi Mckeever

**WHOSE LIPS ARE YOU
JEALOUS OF? I WOULDN'T
SAY JEALOUS, I'D SAY
MORE WORSHIPING OF
ANGELINA JOLIE'S!**

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Yes... but if you're active and healthy then a little naughty food won't sit on your hips for long! My guilty pleasure is *Reeses* Peanut Butter cups.

Who would you most like to kiss in the world, right now? My Simon bear's! His also come with a cup of tea too!

Who is the LAST person you would like to kiss? Gollum!

Do plenty boys ask you for smooch when you are on a night out? Actually, no! I must be secretly scary or something! Or completely unaware. I'd say the latter is more likely!

What's the cheesiest chat up line you have heard? 'Your dad must be a thief, cos he stole the stars and put them in your eyes.'

What can a guy/girl do to get you attention and impress you? Make me laugh, be themselves and look me in the eye when they talk to me :)

WHAT'S NEXT FOR YOU? TO MAKE IT TO BIGGER AND BETTER THINGS WITH MY MODELLING CAREER AND BECOME AN 'A' CLASS ROLLER DERBY SKATER. ONE DAY I AM GOING TO SKATE FOR TEAM ENGLAND!

A JOURNEY THROUGH THE WILDERNESS

Hey Rosie, you're looking great! So let's get straight to it, do you think you are more recognised for your luscious lips? I would say yes because I have had a few very sweet compliments on my lips! :)

So how does it feel to be in the Elite Lips special? I'm absolutely flattered!

What was it like to work with Jason? Working with Jason is incredible! He is very laid back and funny! Very professional and makes you feel incredibly comfortable! I would consider him more a friend now and highly recommend him to anyone.

Do you agree you have a sexy pout? I think everyone has a sexy pout when you're in a sexy mood.

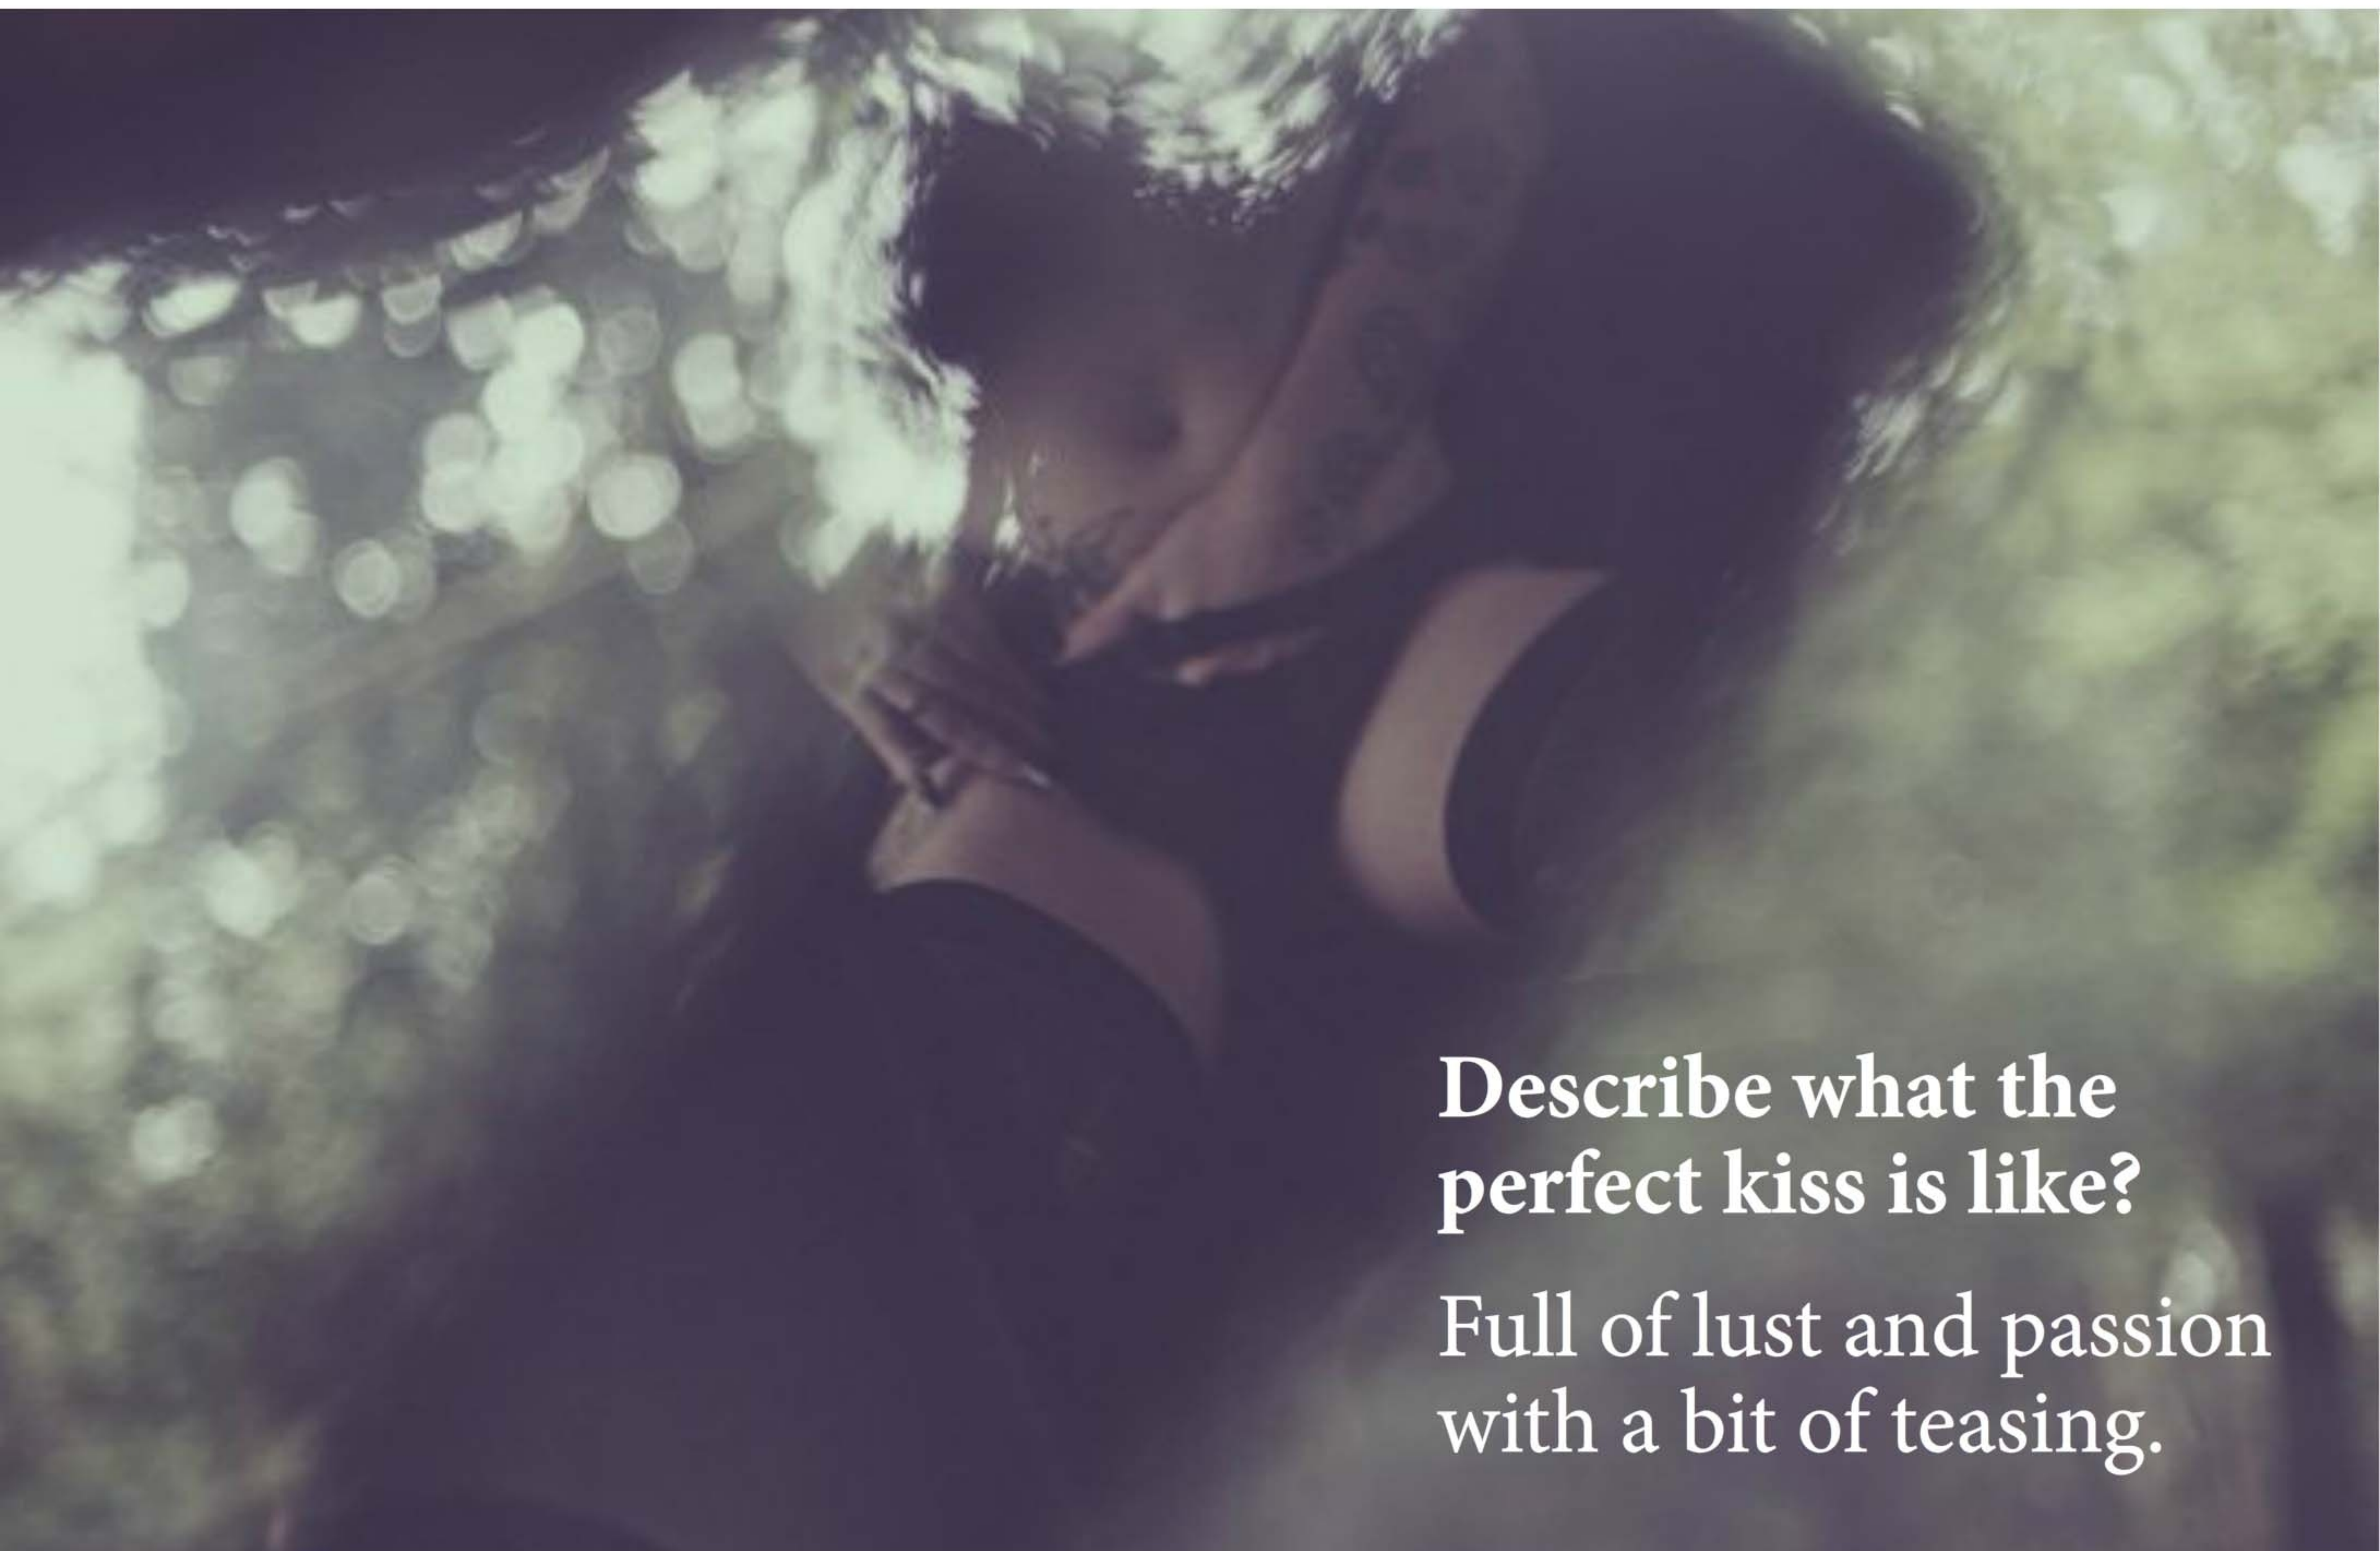

What do you think is your best feature, apart from your lips? I have been told my butt :)

Do you think having nice lips means you are a better kisser? I think bigger lips feel nicer.

Photographer: Jason Perkins
Interviewer: Neale McGeever

ROSIE KAMARA | JOURNEY THROUGH THE WILDERNESS

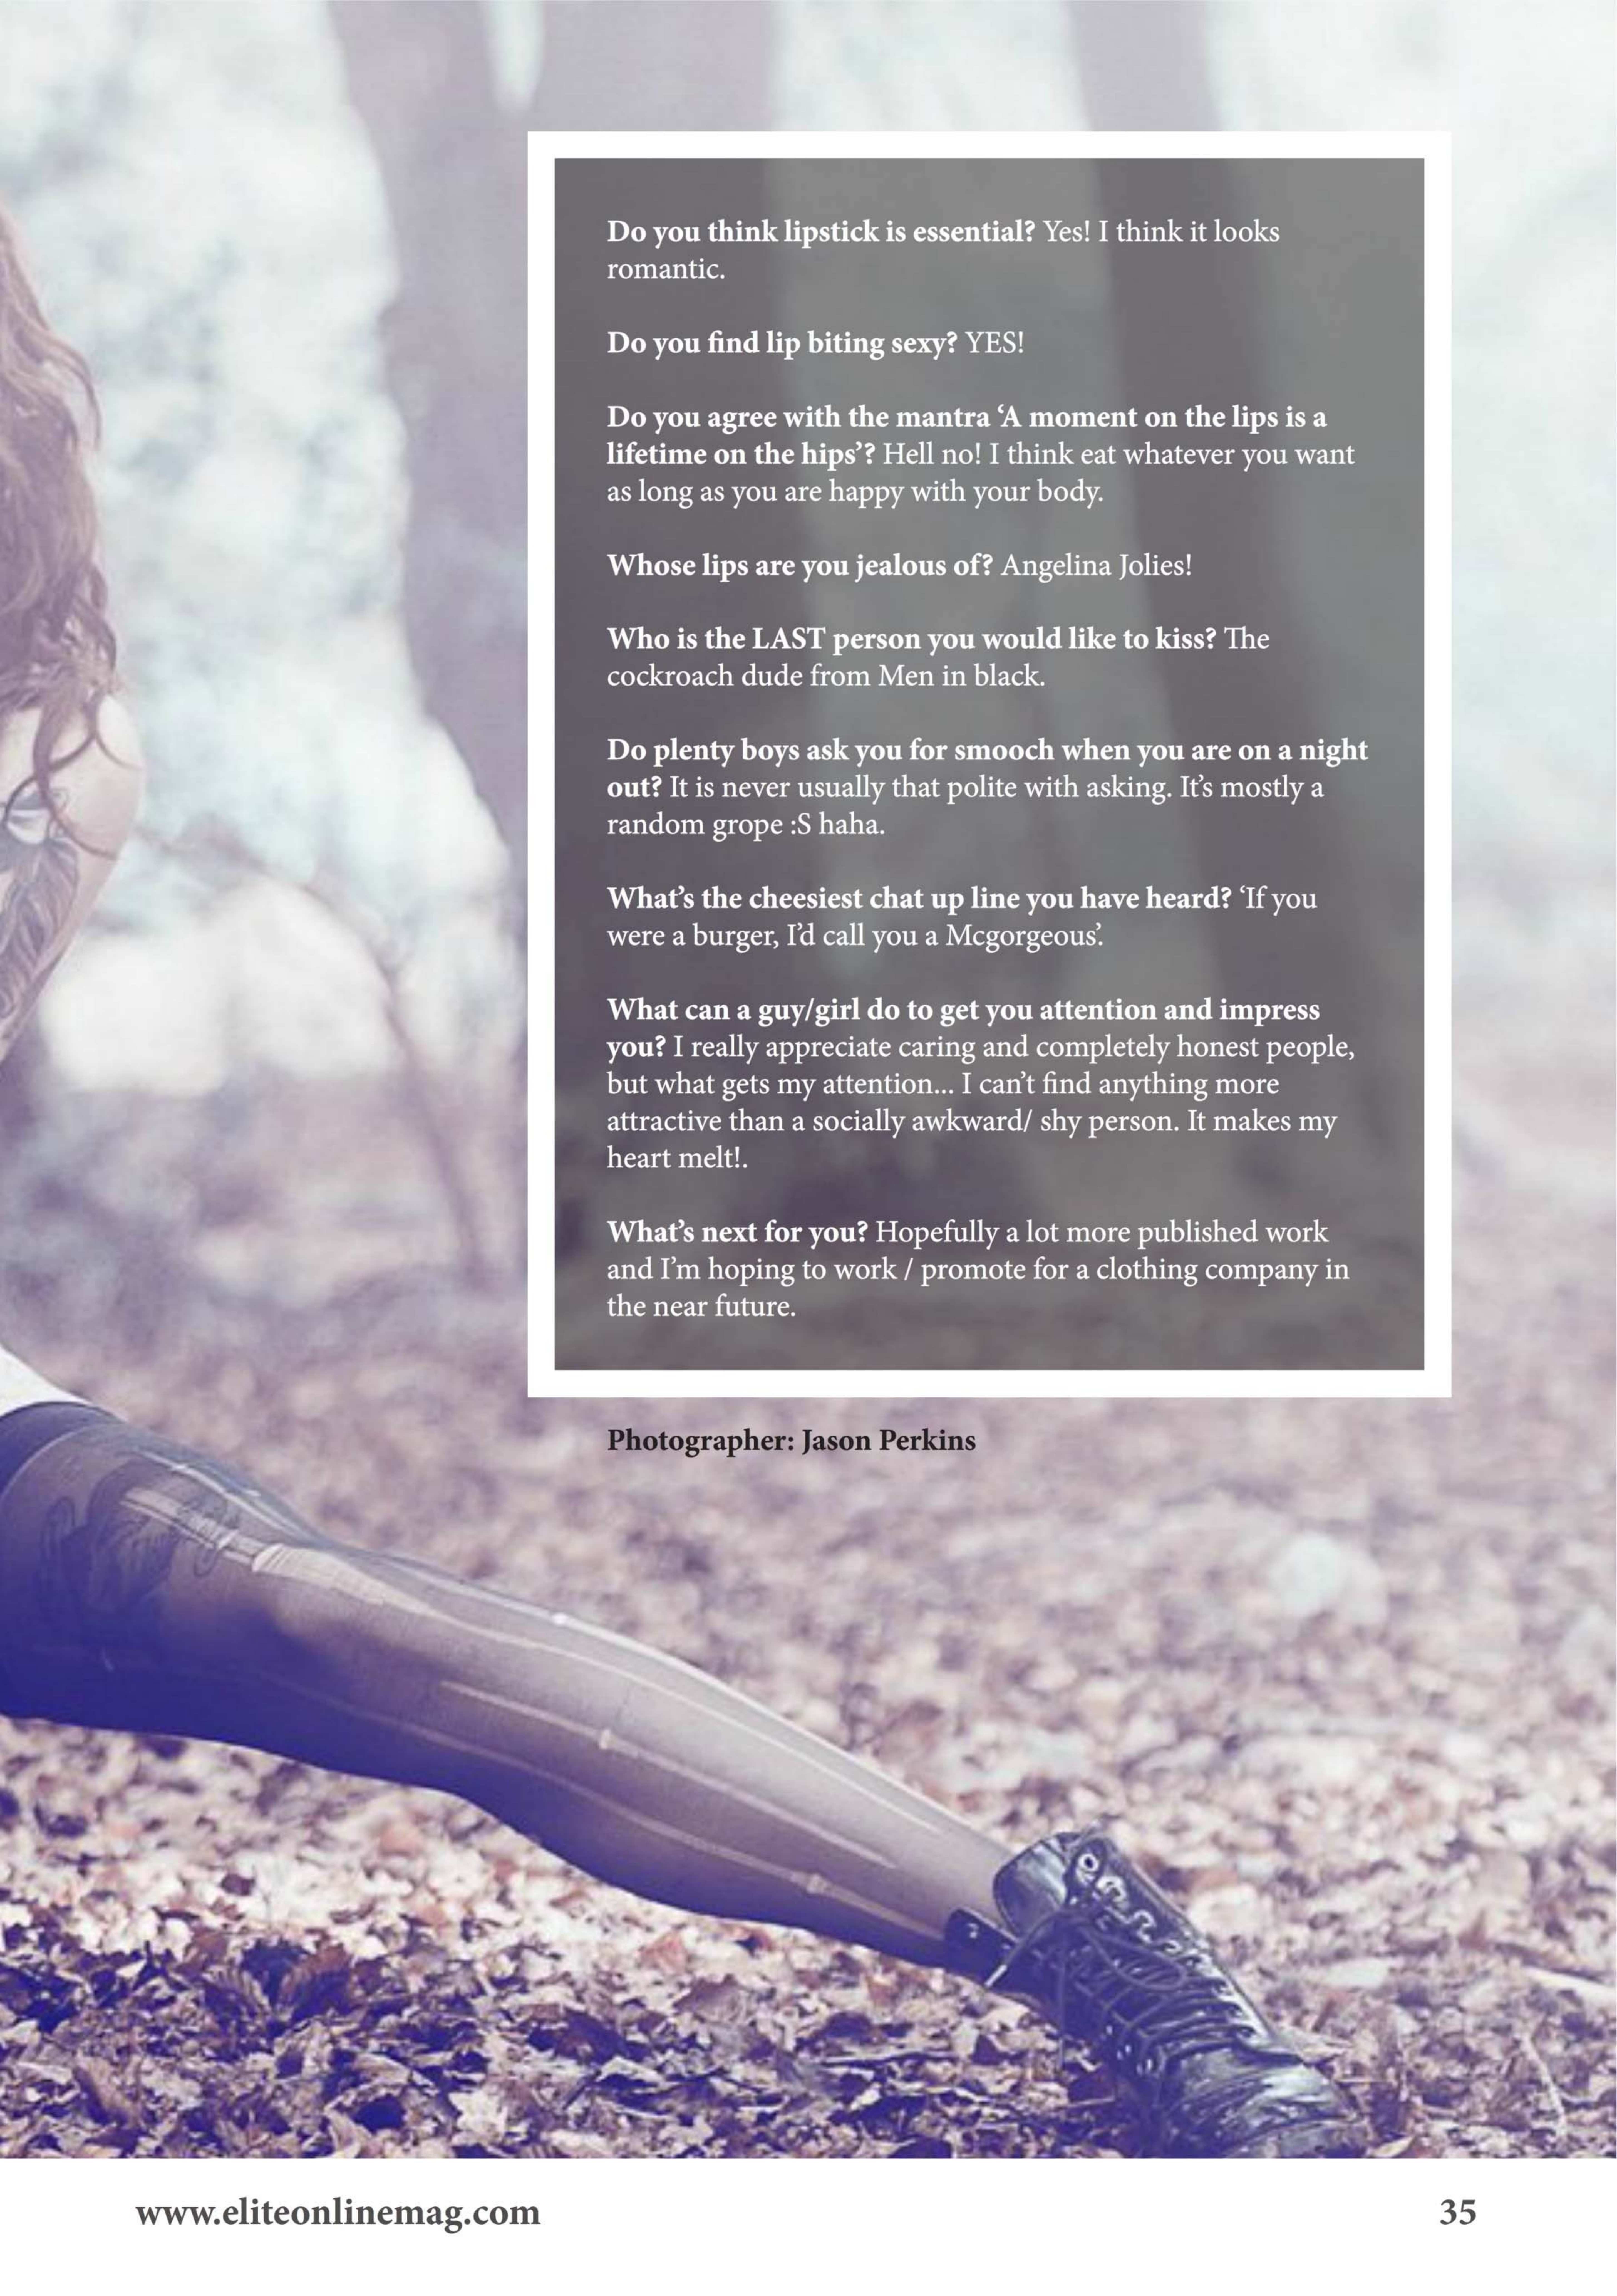

**Describe what the
perfect kiss is like?**

Full of lust and passion
with a bit of teasing.

Photographer: Jason Perkins

A person with a prosthetic leg and a tattooed arm is lying on a bed of dry leaves. The person's arm is visible on the left side of the frame, and their leg is visible on the right side. The background is a soft-focus view of a forest floor with many dry, brown leaves.

Do you think lipstick is essential? Yes! I think it looks romantic.

Do you find lip biting sexy? YES!

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Hell no! I think eat whatever you want as long as you are happy with your body.

Whose lips are you jealous of? Angelina Jolies!

Who is the LAST person you would like to kiss? The cockroach dude from Men in black.

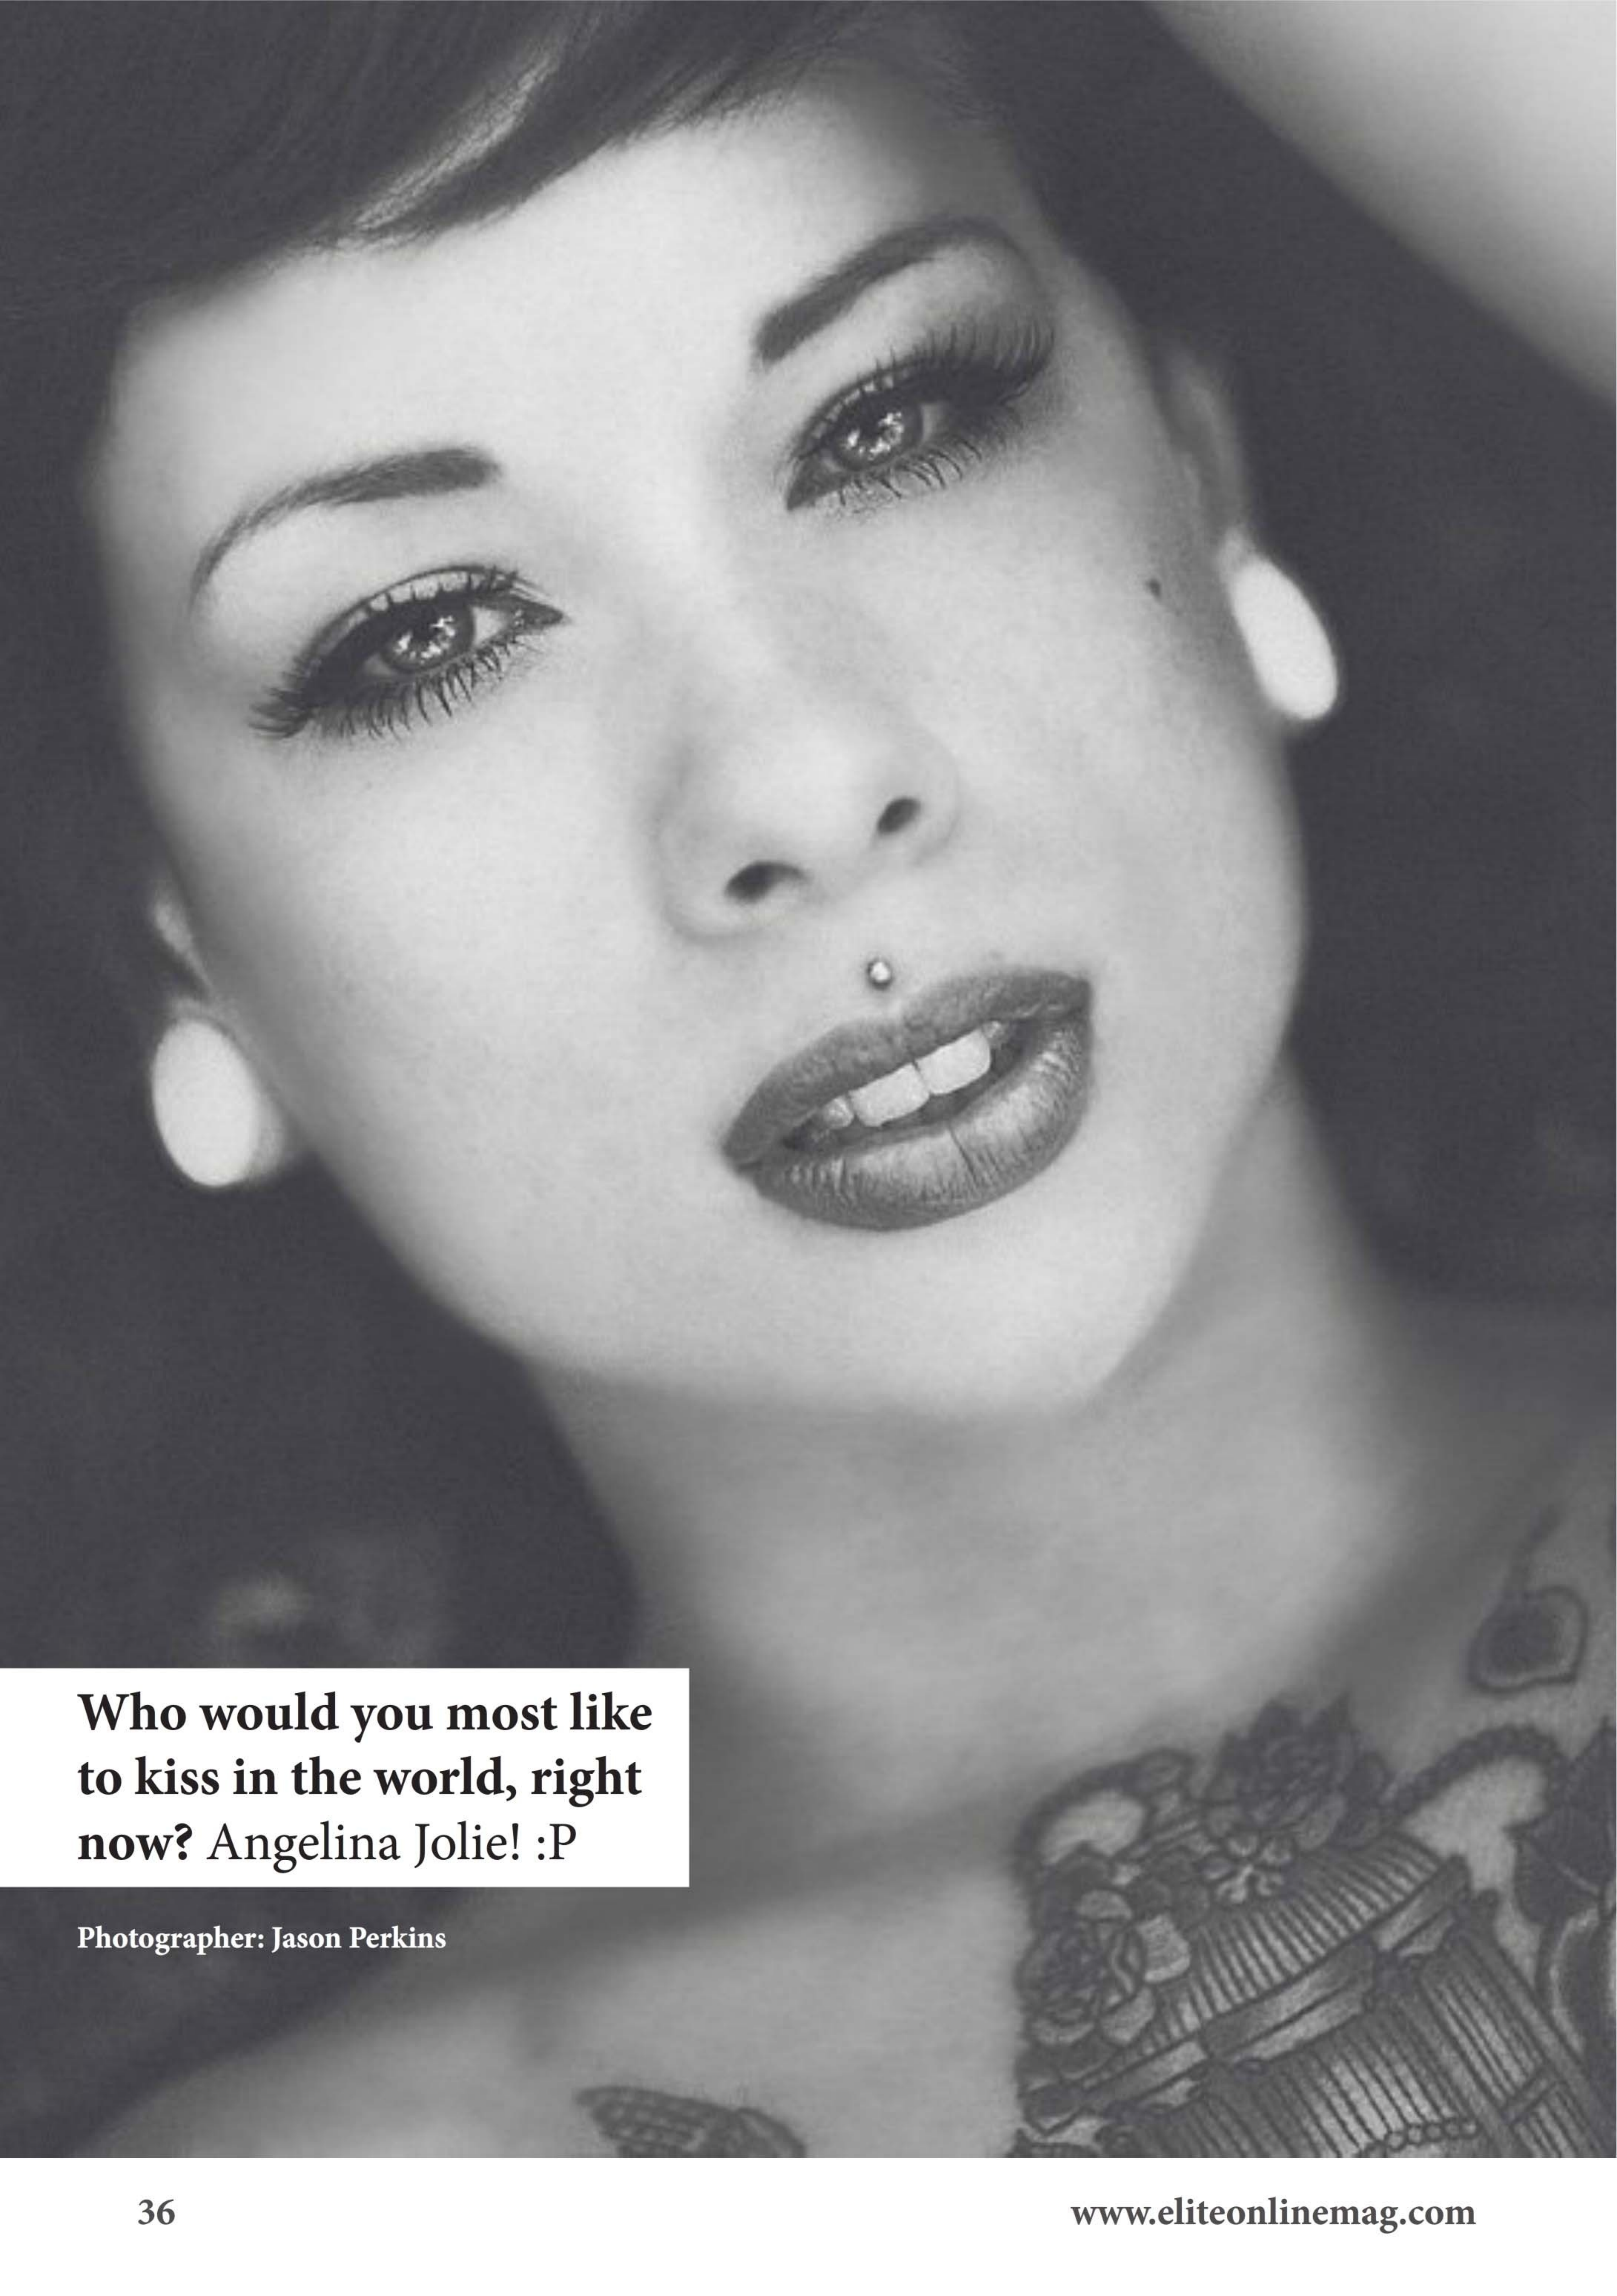

Do plenty boys ask you for smooch when you are on a night out? It is never usually that polite with asking. It's mostly a random grope :S haha.

What's the cheesiest chat up line you have heard? 'If you were a burger, I'd call you a Mcgorgeous'.

What can a guy/girl do to get you attention and impress you? I really appreciate caring and completely honest people, but what gets my attention... I can't find anything more attractive than a socially awkward/ shy person. It makes my heart melt!.

What's next for you? Hopefully a lot more published work and I'm hoping to work / promote for a clothing company in the near future.

now? Angelina Jolie! :P**

CHARLI ELIZABETH

Hey Charli, it's nice to have you back! So let's get straight to it, do you think you are more recognised for your lips or something else? Hello, thank you! Oh that's a hard one, I'm usually recognised for my tattoos and boobs, but I have been told a lot that I have nice lips.

Well we agree! So how does it feel to be in the Elite Lips special? Great! I was not expecting it, I'm glad my lips have passed the test! Haha.

Do you agree you have a sexy pout? I don't think its too bad! Trout pout is the way forward.

What do you think is your best feature, apart from your lips? I'd say my eyes and eyebrows are my best feature on my entire body, it's all in the eyes for me!

What's the most embarrassing thing that has happened to you in public? I tend not to act like a tool when I'm out in public, however I was walking though my home town the other week and saw a girl with her skirt tucked into her knickers as she walked in front of me, that was embarrassing... for me.. let alone her!

What movie do you watch when you are ill? Anchorman, Stepbrothers... anything funny with Will Ferrell.

What food could you eat for the rest of your life? Kentucky Frieeed Chicken! Not sure if I'd be slim after that though!

Do you think having nice lips means you are a better kisser? Well, I've been told I'm a good kisser... so yes! The myths are true!

Describe what the perfect kiss is like? Soft, sensual and not sloppy!

Do you think lipstick is essential? I only occasionally wear lipstick when I want my lips to look even bigger... But plumping lip-gloss is what I usually wear for every day pout. I think I have about 20 Lipsticks and lip-glosses... obsessed!

Do you find lip biting sexy? I think it's a good tactic when being flirty, but biting during kissing as a BIG no no for me, my lips are very sensitive!

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Yes and no, I'm a girl that loves her food. But in moderation!

Whose lips are you jealous of? Scarlett Johannson or Angelina Jolie's lips. Lucky ladies, I'd had to have my lips injected to get them that pouty!

Who would you most like to kiss in the world, right now? I'd be interested to see how Mark Walberg would rate on my kiss-o-scale!

Who is the LAST person you would like to kiss? Any of my ex boyfriends... you know who you are! Haha.

**SOFT,
SENSUAL AND
NOT SLOPPY!**

Photography by: sculleyphotographer

Do plenty boys ask you for smooch when you are on a night out? No, I rarely get approached when I'm out. I think guys find me quite intimidating.

What's the cheesiest chat up line you have heard? 'Did it hurt?'... I'm sure everyone has heard this one... 'When you fell from heaven?' Oh god, nasty haha!

What can a guy/girl do to get your attention and impress you? I'm hard to impress, just be nice and don't act like a douche! I'll give you the time of day.

What's next for you? Finishing my beauty course, then returning to do lots more modelling and getting lots more tattoos! Thanks for having me guys, I shall be returning later this year with new photos and a new look! xxxx

Levi Nicole

What was it like to work with Matt? Working with Matt was ace, he's such a professional and made me feel great. The images were bangers too!

Do you agree you have a sexy pout? It's been said before so I'd be inclined to agree. Anyone can have a sexy pout though, you just have to work at it.

What do you think is your best feature, apart from your lips? My best feature, is probably my bum, I get my squats DONE!

Do you think having nice lips means you are a better kisser? Yes of course having nice lips makes you a better kisser, soft and sexy! It's amazing.

Photography: Matt Bud-Cole Jones (Fiendarella)

Photography: Fiendarella

This package came with stickers and loads of cards with wolves and the disco logo on. I don't have much use for the cards but stickers are always fun to stick on people's backs when they're not looking. REBEL CHILD.

The Wolf – This was sent in a large, and to be frank, it SO LARGE! So shooting it as it was wasn't really an option. I'm glad we did cut it up to be like this, it looks freakin' awesome. I'm rocking this one as a pj top as it's wafer thin, with super short shorts if it's cold.

Disc – More of a statement lightweight top so it deserved a statement cut, a diagonal neckline with baggy sides. Perfect with shorts and DMs.

The triangle/circle logo – Again this one swamped me so it got a nifty makeover with the scissors! I'd actually dig wearing this with super short shorts and platforms with suspender tights on one of my 'inner goth days'.

BLACK BLOOD APPAREL

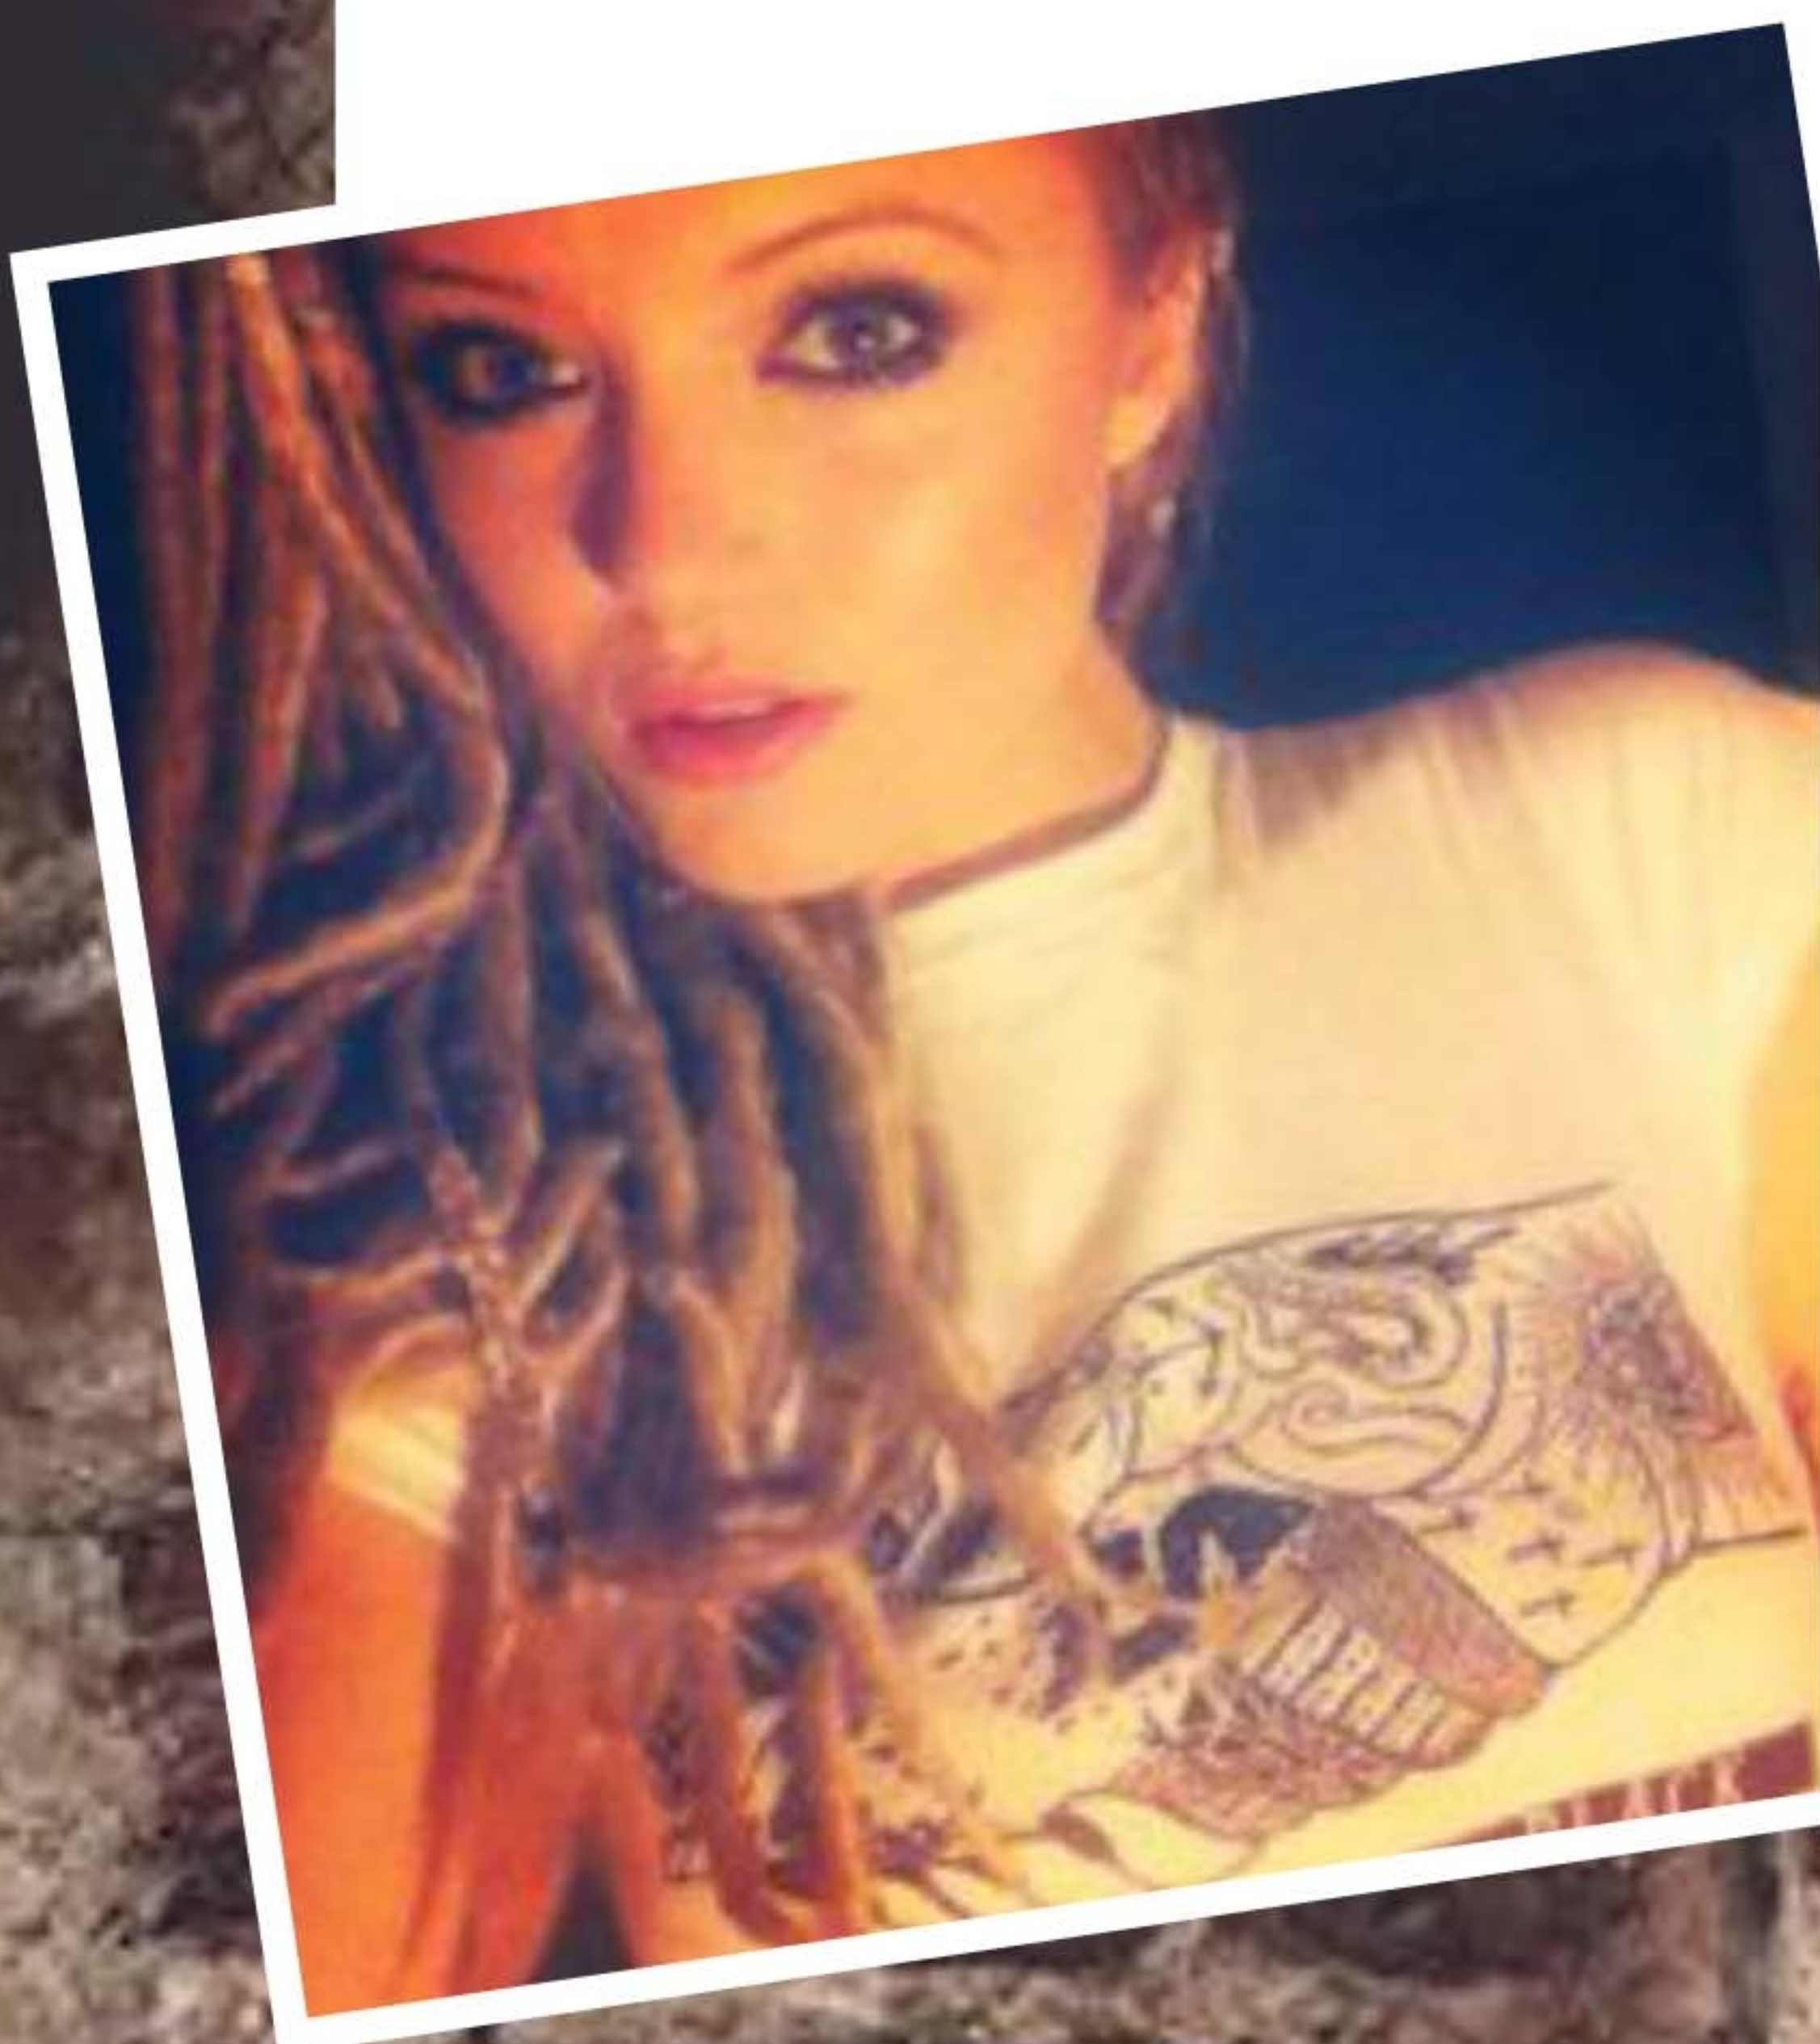

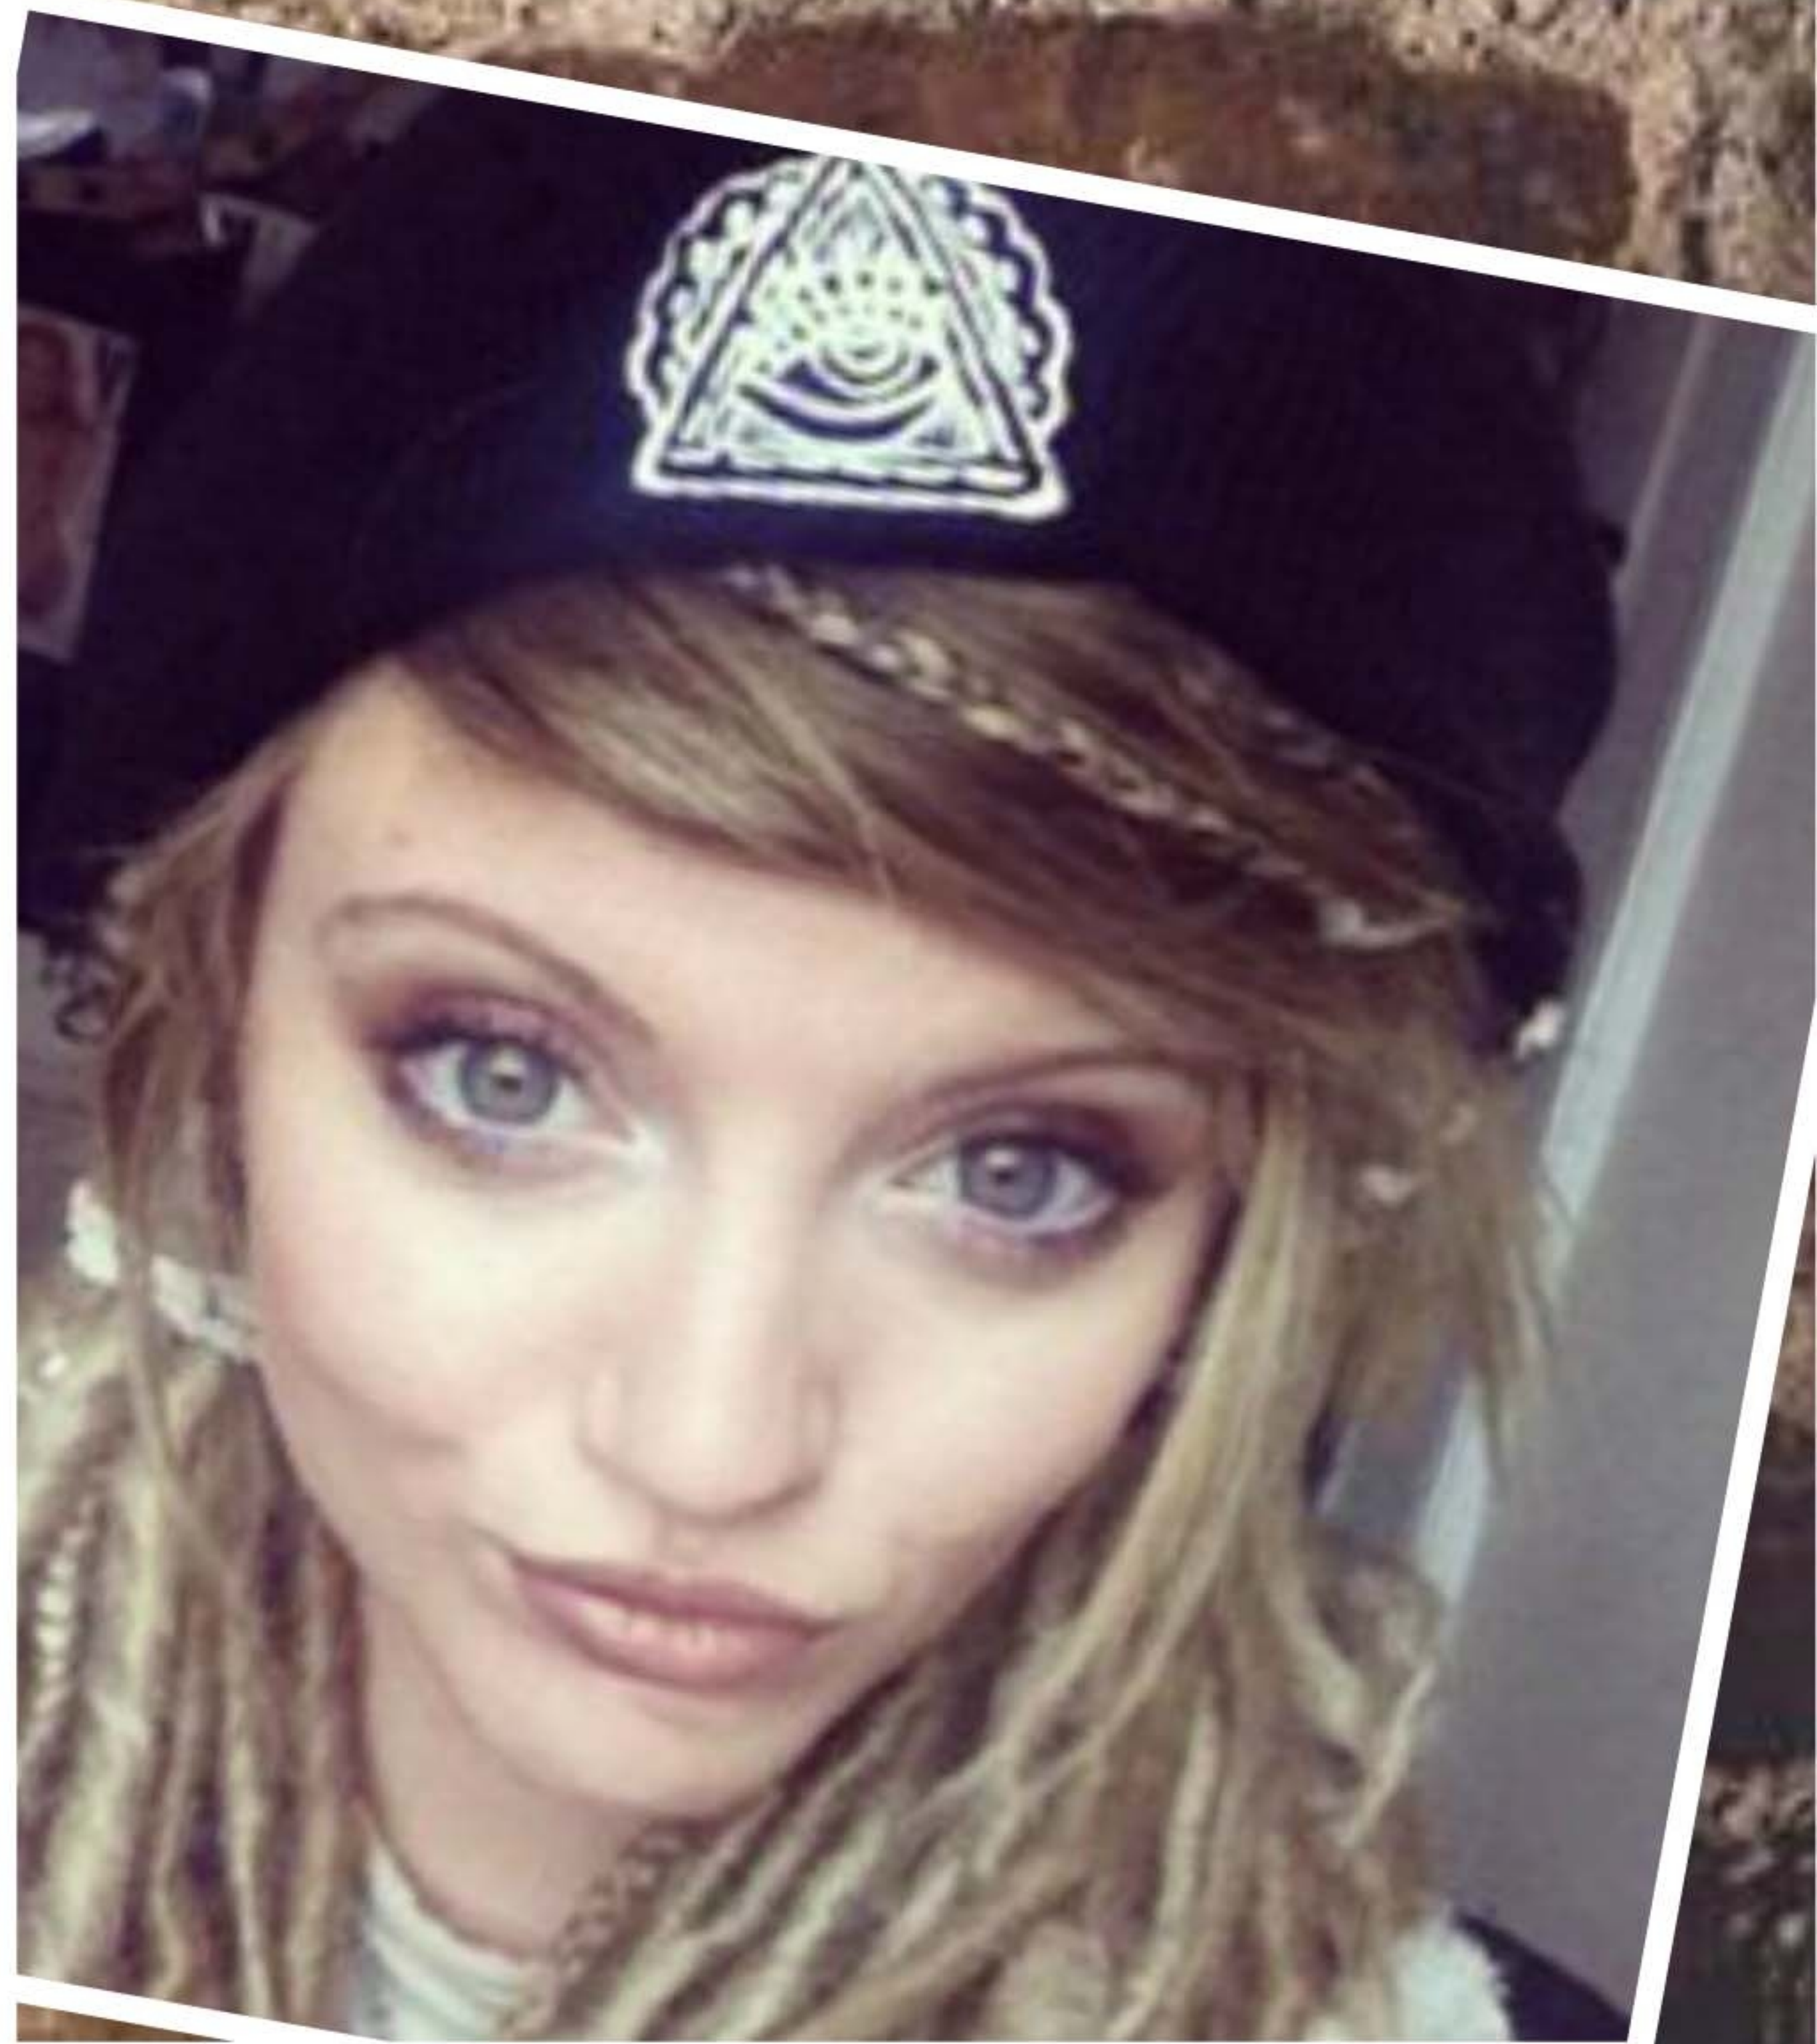

Instagram and Facebook: Blackbloodapparel

I loved the way these goodies came packaged up. The parcel was spray painted and there's original artwork with every order, and mine was customised. Talk about how to make a girl feel special.

Tattoo hands - this shirt was fitted and lightweight. Not only an awesome print but a chilling tee with added 'boob appeal'. Worn with slouch jeans and pumps.

All seeing eye - A proper thick tee with embroidery eye and font 'black blood apparel' on the back. I cut down both sides to make something I could wear on a British summer day with leggings and vans.

Peanut butter beanie time - I LOVE this bad boy and luckily it actually fits my wide dread head! Worn with everything and anything, all day, everyday.

The Girl Without The Dragon Tattoo
But Don't Worry She Has Everything Else To Offer

Hey Taylor! How are you today? I am great! I will be traveling to Jamaica for a week to shoot. I am starting tomorrow!

So remind us, where are you from? I am from Ohio currently. But, I will be moving to California at the end of June.

How does it feel to work with Elite again? I love Elite! You have always been prompt in responding to my questions and when I submit photos. You're really professional and the quality of the magazine is fantastic.

What made you become a model? Before I started modeling, I had really low self esteem. Modeling has made me more confident in myself. I still struggle occasionally with it, but for the most part, I am comfortable with who I am as a person :)

What kind of man do you go for?

Someone with a great personality who can make me laugh. Someone who is understanding of my career as a model and doesn't get jealous of every little thing. Someone who wants to not only stay home and chill, but also who loves to go out with friends!

Do you have a celebrity crush? No.

Boobs or bum? Bum.

What is your best feature? I would have to say my eyes. I have been told by many people that my eyes are great :)

Photographer: JScottPhotography

So who do you look up to in the world of modelling?

Bernadette Macias and Brix Nobody.

What makes a good night out, great? Hanging out with great friends and just chilling somewhere.

Do you prefer clubs or gigs?

I love both. I love to go to clubs and dance, but I also love to go to shows and see my favourite bands!

What do you usually drink on a night out? Bud Light.

Do you stop for a kebab or take away on the way home?

Taco Bell or McDonalds. It's usually the only thing open at 2:30 a.m.

What's the most embarrassing thing that has happened to you in public? I really have been fortunate enough to not have any embarrassing moments in public... at least that I am aware of haha.

What movie do you watch when you are ill? I typically just lay in bed and watch whatever is on TV... I channel switch a lot haha. I love all sorts of movies though, so not too picky.

What food could you eat for the rest of your life? Sushi! I absolutely love it :)

Any advice for upcoming models reading this? Stay true to yourself! Never be afraid to be different and unique. Never be afraid to step outside the box and get an amazing shot! Once you learn to be comfortable in your own skin, you can do anything :)

What was it like to work with Andy? He was polite, friendly and fed me! All good thaaangs.

Do you agree you have a sexy pout? Personally I don't think I could possibly agree to that...

What do you think is your best feature, apart from your lips? I like my whole package I guess, I'd probably pick something that is a less aesthetically pleasing feature too... More internal?

Sounds deep! Do you think having nice lips means you are a better kisser? No waaaaay!

DESCRIBE WHAT THE PERFECT KISS IS LIKE? IT HAS TO INCLUDE THAT INTENSE FEELING OF EUPHORIA AND THE BEST KIND OF VIBES!

Do you think lipstick is essential? Hell no!
Especially the amount of ladies that are slapping
it on these days. Natural... no makeup on the lips
guys! It's way prettier.

Do you find lip biting sexy? Of course.

**Do you agree with the mantra 'A moment on the
lips is a lifetime on the hips'?** That's a mantra?
Haha... I had to google it. That's a diet-line right? I
do not agree no!

Photographer: Jack Russell
Interviewer: Neale McGeever

Hey SINderella, it's nice to have you back in the magazine! So let's get straight to it, do you think you are more recognised for your luscious lips? It seems to be my smile more than anything but I guess they are attached!

So how does it feel to be in the Elite Lips special? Pretty cool, although my husband did have a bit of a look of 'What lips they talkin' about?' to him when I first told him.

Do you agree you have a sexy pout? In pictures yes, in real life it doesn't come through.

What do you think is your best feature, apart from your lips? My winning personality... maybe not, hmm, EYEBROWS! That's my opinion, my nan's only just coming round to liking them.

Photographer: Jack Russell

Do you think having nice lips means you are a better kisser?
Not at all, I guess bigger ones give more cushion for the pushin'...

Describe what the perfect kiss is like? One from my Husband.

Do you think lipstick is essential? Oh yes, any type, even just sticking some balm on!

Do you find lip biting sexy? As long as you don't draw blood ...

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Depends if you don't know how to work it off after.

Whose lips are you jealous of?

Megan Fox, she's just a full on babe.

Who would you most like to kiss in the world, right now?

Husband. Running theme here...

Who is the LAST person you would like to kiss? Give me five minutes and I'll come back with a 300 word essay.

Do plenty boys ask you for smooch when you are on a night out? The scene that I'm into doesn't really call for being around drunk boys, just drunk men who know my Dad so none of them ask me for a snog. Thankfully.

What's the cheesiest chat up line you have heard? 'Do you fancy a shag?' (Husband said it works too...).

What can a guy/girl do to get you attention and impress you? Do a Chewbacca impression.

What's next for you? I honestly have no bloody idea!

Hi SASA, can you summarise Saints and Soldiers as a Brand in a few sentences: Saints and Soldiers Apparel (SASA). is a Brighton based independent clothing company run by husband and wife, Chris and Kerry. We at SASA are building and guiding a fearless community in association with the S&S Foundation (TSASF).

What inspired you to start Saints and Soldiers? For many years it has been our dream to travel the world and become physically involved in supporting various charity projects around the globe, however, last summer we started to think about how we could provide funds and raise awareness for these projects on a long-term basis. This led us to set up the foundation and after talking to some very friendly independent clothing companies at Hevy Fest, who encouraged our ideas, we set up the clothing company as a means to fund the foundation. We wanted to express our creativity and do something different, whilst having fun with friends and getting like-minded people involved.

What sets you apart from other lifestyle clothing brands? Not only do we donate to charity... we have our OWN foundation dedicated to raising awareness and funds with a lifetime commitment to our chosen charitable projects. One of our main ambitions for SASA and TSASF is to build a community of people who are not afraid to get involved and help others. Our current and future designs are completely unique, as they are a result of collaborations between us and some of the best up and coming artists in the UK today.

What kind of products do you sell? Our merchandise currently includes a wide variety of beanies, snapbacks, tees, vests, zip hoodies, sweatshirts, backpacks and accessories. We also have new items being released very soon, including our limited edition charity prints, designed by some incredible artists, which we are extremely excited about.

You donate your profits to charity, which charities do you donate to? We support Help for Heroes (H4H), the African Wildlife Foundation (AWF) and the Juara Turtle Project (JTP), more details are available on our website www.thesandsfoundation.com.

Why did you choose said charities? We chose to support H4H as we both have a great respect for our military personnel and wish to support the wounded that have risked their lives to fight for us. Chris has a very personal connection to the cause as his grandfather had a longstanding career in the British Army. Kerry has always been passionate about protecting African wildlife and communities and the AWF provides a fantastic variety of support in Africa by assisting with wildlife conservation, land and habitat protection, community empowerment and economic development. Chris is an avid turtle fan and we truly admire how the Juara Turtle Project is trying to tackle the problems that are causing sea turtles to become extinct.

Where did the name 'Saints and Soldiers' come from? The name derives from the opening line of a poem written by Chris for his late grandfather, almost fifteen years ago. The words represent two roles that match our ambition to both protect and fight for a cause. In addition, Kerry's family motto translates to 'innocent but not afraid', which relates to the 'virtuous' saint and the 'fearless' soldier.

Where do you hope to take Saints and Soldiers in the future? We hope to continue building a network of friends, artists, musicians, supporters and kind-hearted people to join the Saints and Soldiers Family. With an abundance of design ideas and big events planned, you can expect to see a lot from us over the next year and onwards. Look out for us this summer at the Knee Deep All-Dayer and Hevy Music Festival.

Steph Knight & The Lips

Photographer: Dekker Photography | Interviewer: Neale McGeever

Hey Steph! So, do you think you are more recognised for your lips? I do get complimented a lot on my lips! So I would say they are one of my best features :)

So how does it feel to be in the Elite Lips special? I'm very happy! So happy I could kiss you! Haha!

Feel free to! Do you agree you have a lovely pout? I'd say I have a sultry pout! I've always had big lips. I use to get picked on for having big lips but now I love them! :)

**DO YOU THINK
HAVING NICE LIPS
MEANS YOU ARE A
BETTER KISSER?
I'D SAY SO! I LOVE
GUYS WITH BIG
LIPS! MUCH BETTER
KISSERS THAN GUYS
WITH SKINNY LIPS!**

WHAT DO YOU THINK IS YOUR BEST FEATURE, APART FROM YOUR LIPS? I'D SAY MY EYES. PEOPLE ALWAYS COMMENT ON THEM AND ASK IF I WEAR COLOURED CONTACTS BUT THEY'RE ALL NATURAL!

Describe what the perfect kiss is like? Passionate and soft. Not wet and sloppy!

Do you think lipstick is essential? Yes I'm a sucker for red lipstick!

Do you find lip biting sexy? Very!

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? No not at all! Everything in moderation I say!

Whose lips are you jealous of? I'd have to say Angela Jolie! She's my girl crush!

Who would you most like to kiss in the world, right now? Gerard butler! I love him!

Who is the LAST person you would like to kiss? My boyfriend ;)

EVERYBODY LOVES VIX

Photography: Bilacous

www.eliteonlinemag.com

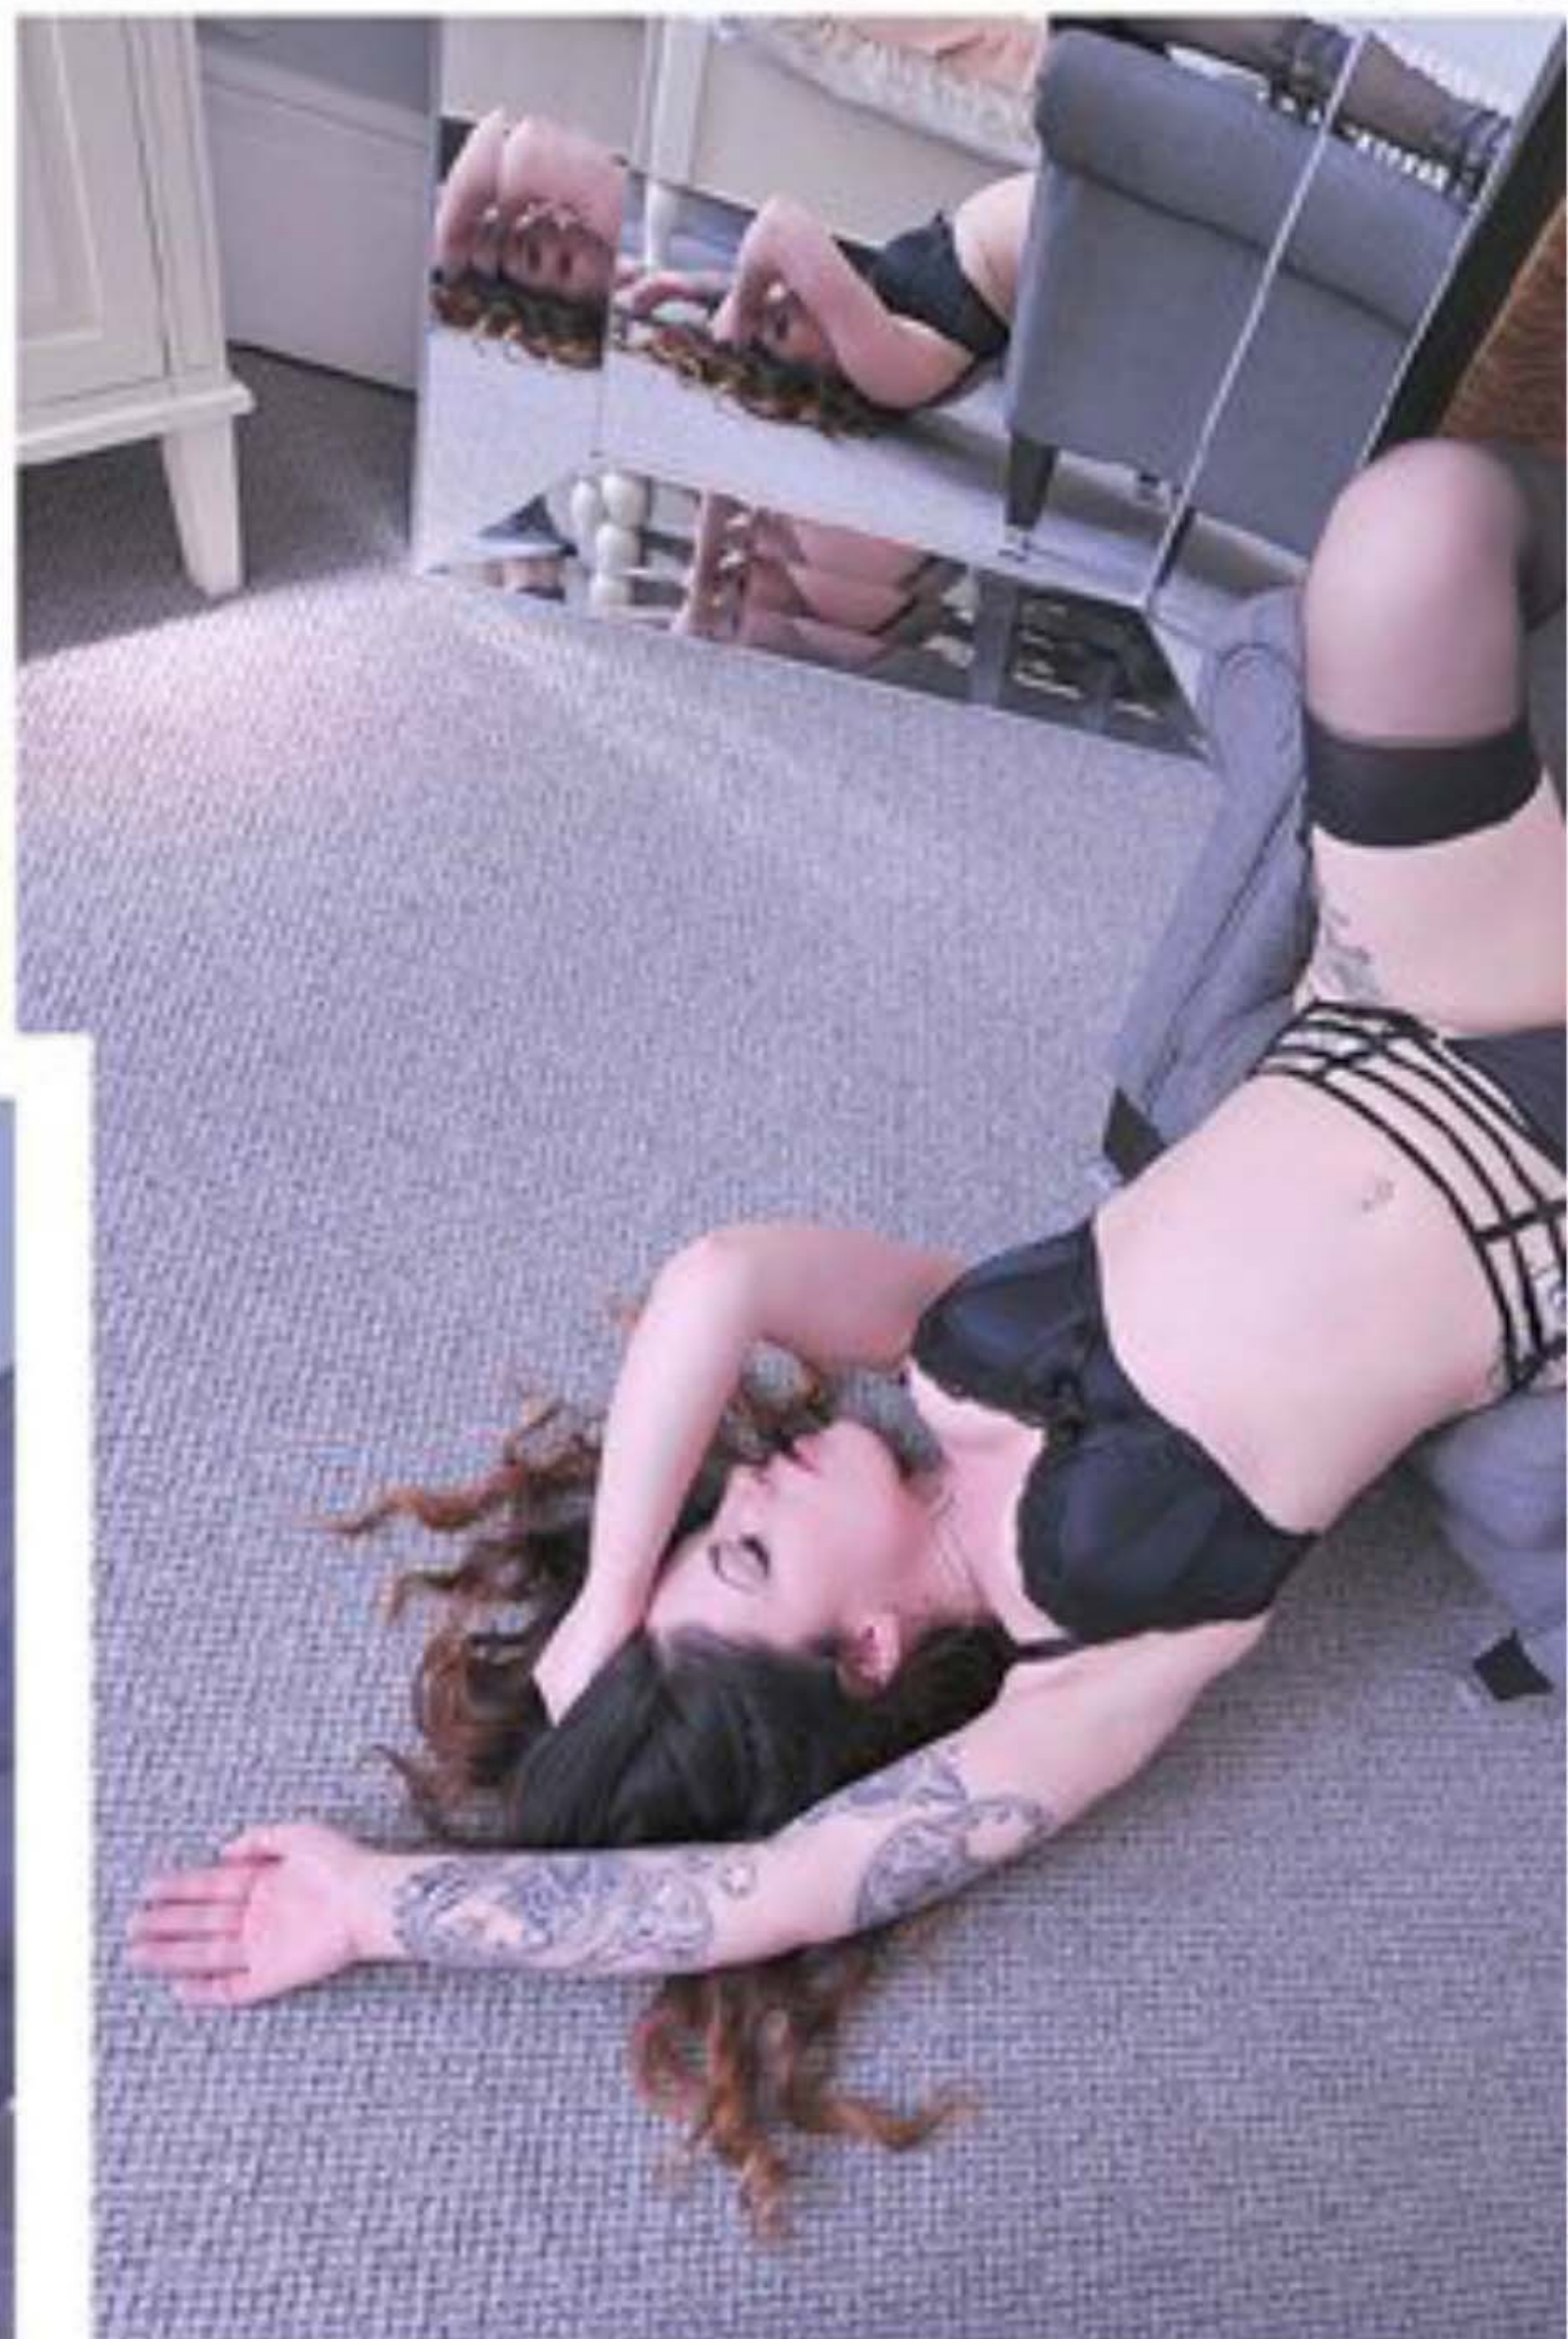

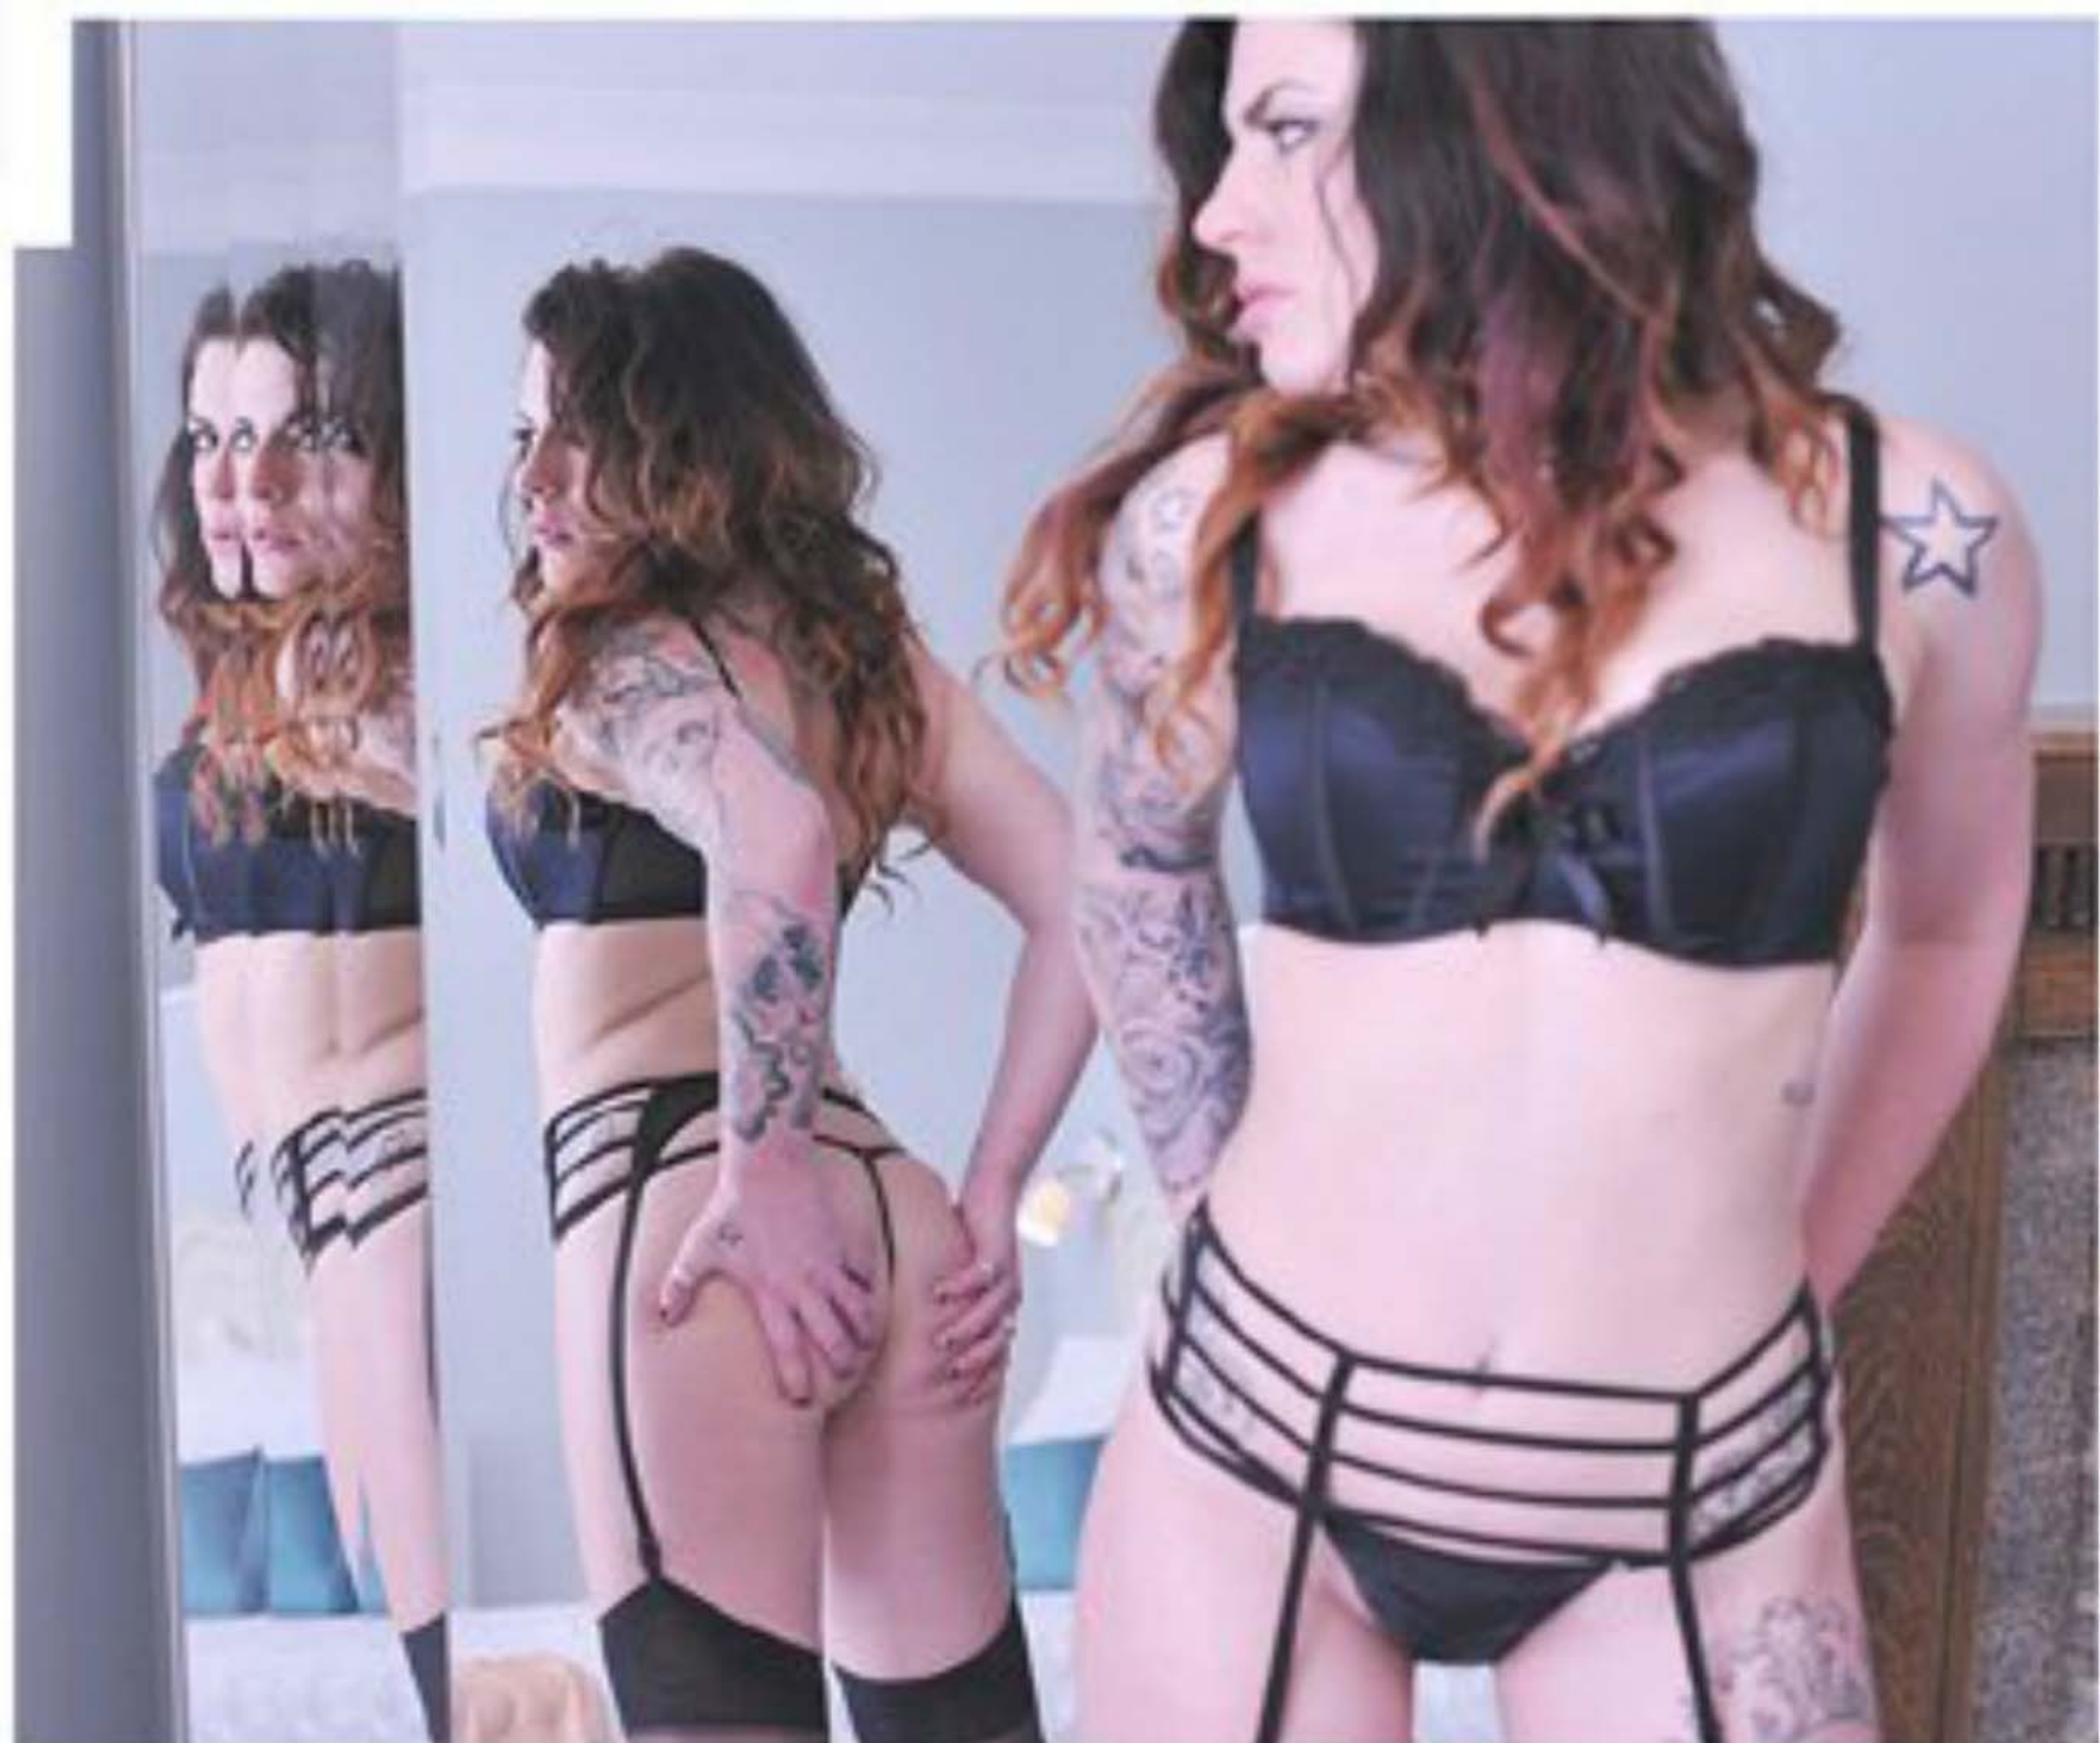

Hi Vix, how are you today? I am doing ok thank you, recovering from a girls weekend in Benidorm, but other than that I'm very well.

How does it feel to be a part of Elite's Lips special? It feels awesome, I love Elite. I have been featured before, so it's great to be asked back... and because of my pout, that's pretty cool ;)

Do you agree you have nice lips? Yeah, I'd say they are one of my better features and I always get people making comments about them.

Photography: Bilacous | Interviewer: Neale McGeever

Apart from your lips, what is your best feature? I'd have to go with my eyes.

Who do you think has the nicest lips? I'm going to sound so cliché but Angelina Jolie, No-one can deny that, or Rosie Huntington-Whitely. Yeah she has an amazing top lip haha.

ARE YOU A GOOD KISSER? I WOULD HAVE TO SAY YES, I'M PRETTY SURE MOST PEOPLE THINK THEY ARE GREAT KISSERS THOUGH... BUT I AM AN EXPERT ;)

If you could kiss anyone, who would it be? Well that would be my boyfriend. But if I have to go with celebrity's let's go for Angie... I bet she's an amazing kisser!

Moving away from your luscious lips for a moment, how did you get into modelling? About 4-5 years ago I had a lot of photographers asking to shoot me on MySpace, I thought they were pulling my leg, but about a year after that I thought why not give it a go, so I joined some model networking sites and it all took off from there.

You have some pretty recognisable tattoos, which are your favourites? My new favourite is my most recent one, which is a portrait of my mum, in an ornate frame which is on my thigh, so that one has a lot of meaning. I love my sleeve also, although it's still not finished,

Are you getting anymore soon? Yeah most definitely, I already have a rough plan for my large back piece and I very much doubt I will stop there. It will be an ongoing project for a long time yet.

You were Miss March in Skin Deep's 2011 calender, was that the hottest month? Hell yessss!! ;) it was a very hot year all round haha.

What else have you appeared in that we can look out for you in? Well Elite once or twice, *Bizarre* magazine a few times as well as being in their 10 cover finalists shoot. I've shot two covers for *100% Biker* magazine, the US magazine *Rabid*, gosh... a good few anyway!

So what is a great night out in Portsmouth? A great night out in Portsmouth in my opinion is hanging out with friends at our local, rock/biker bar, or seeing a gig at the Wedgewood rooms.

WHAT DO YOU USUALLY DRINK? I DO LOVE A PINT OF GUINNESS, I ALSO LIKE A FILTHY SNAKEBITE... IF I'M TRYING TO BE A LADY THEN A TIA MARIA HAHA.

Do you prefer gigs or clubs? Oh 100% gigs, I love them. I'm not really into clubbing.

Do you stop for a dirty takeaway on the way back? I always get the munchies after drinking, but I usually crave a full on roast dinner... they aren't that easy to find at 2am ;)

WHAT DO YOU LOOK FOR IN A GUY? I LOVE GENUINE, KIND MEN WITH TRADITIONAL VALUES, THEY HAVE TO BE A HOPELESS ROMANTIC LIKE ME, BE ABLE TO MAKE ME LAUGH AND A GREAT KISSER, TATTOOS ARE ALWAYS A NICE BONUS :)

What turns you off? Arrogance, inflated egos, players.

Back to your lips, let's finish this. What makes a kiss perfect? Well I have 2 types of favourite kiss. The romantic gentle type - if a guy holds your gaze gently pulls you against him, cups your face in his hands and kisses you soft and slow, licking and nibbling your lips... yeah that's swoon worthy.

Sexy passionate kiss - being pushed against the wall, hands tugging in your hair, deep and urgent, lip biting wanting to consume you... ahem... getting carried away, must..stop! Haha.

Hi Samii, how are you today?

Hello! Very well thank you.

Tell us a bit about yourself...

Where are you from? Well, I'm 22 and I'm from Melbourne, Australia.

I live with my fiancée and we live a very creative, arty and fun life. We own 4 custom cars... A 1973 Xa Coupe, 1934 Ford Coupe Hot Rod, 1951 Single Spinner Lead Sled and my 1968 Mustang. We are also proud parents to our tiny Chihuahua.

How does it feel to work with

Elite? I am really grateful to have to the opportunity to work with you guys, your magazine is awesome!

Ah why thank you! What made you become a model?

When I was 11 years old I made up my mind that I wanted to be a model, unfortunately I didn't suit the mainstream requirements to be a model then. So when I met my fiancée Smeer at age 18 he encouraged me to do what I love and that there are other avenues of modelling such as alternative modelling. He's a tattoo artist and inked me up and from there I've been getting some amazing opportunities!

So who do you look up to in the world of modelling?

Bettie page is probably my biggest inspiration, not for her bangs though..her unlimited amount of spontaneous poses she would pull and her happy and very expressible face. She made every pose look natural and fun. I also really admire Mosh.

WHAT A BABE

Photographer: Graeme Allon

Hey Amayah, how are you? Hello you, I'm great thank you!

So let's get straight to it, do you think you are more recognised for your luscious lips? Uhm, I'm not too sure about that but I do get a few compliments on them from time to time!

So how does it feel to be in the Elite lips special? Privileged, and pretty awesome! Us girls with these lips could take over the world, haha.

What was it like to work with Elite? Was great fun! And I'd love to do it again sometime soon, hint hint.

Do you agree you have a sexy pout? Honestly, I don't think that much about it, though, I do quite like my lips!

**DO YOU THINK
HAVING NICE LIPS
MEANS YOU ARE A
BETTER KISSER? NOT
NECESSARILY, EEK.**

**WHOSE LIPS ARE YOU
JEALOUS OF? OH GOD, IT
DEFINITELY HAS TO BE ROSIE
HUNTINGTON-WHITELEY.
I'M RATHER JEALOUS OF
HER MAN TOO, BUT SSH.**

Photographer: Leigh-Ann Kilner

What do you think is your best feature apart from your lips? I quite like my legs, but it has to be my eyes, I love them!

Describe what the perfect kiss is like?

It depends what kind of mood I'm in but unexpected ones are the best. I mean, you know a good kiss when you get a good 'un.

Do you think lipstick is essential? Yes, I get absolutely gutted when I'm with someone I know for a fact I'll be kissing and I can't wear it, let's face it, they aren't going to want to be covered in your lipstick. The right lipstick makes me a very happy girl.

Do you find lip biting sexy? I do, it's a great thing for sure!

Do you agree with the mantra 'A moment on the lips is a lifetime on the hips'? Maybe for those who aren't willing to exercise, if you put it on; you can lose it.

Who would you most like to kiss in the world, right now? I'd say someone I'm close to, but I'd most definitely have a little bit of Statham, sorry Rosie.

Photographer: Graeme Allon

**WHAT CAN A GUY/
GIRL DO TO GET
YOUR ATTENTION
AND IMPRESS
YOU? JUST MAKE
ME SOME GREAT
FOOD, I LIKE FOOD.
MAKE ME A GOOD
BURGER AND
I'LL BE YOURS
FOREVER.**

Who is the LAST person you would like to kiss? Obviously someone I was very close to at the time, without sounding all cringey and stuff.

What's the cheesiest chat up line you have heard? Quite possibly the notorious 'Your place or mine?' line. Though it does make me laugh, I'm just laughing at the oh so obvious lack of originality.

What's next for you? Well, I have recently been doing some huge things, well, huge for me, but we'll see what happens and I'm just gonna go with the flow. What could possibly go wrong, huh.

DO PLENTY OF BOYS ASK YOU FOR A SMOOCH ON A NIGHT OUT? EVERY NOW AND AGAIN, THOUGH NOT VERY OFTEN. I LIKE THAT PEOPLE AREN'T ACTUALLY THAT CREEPY.
